Dear Mr. Potomski:

**Re: R.J. Potomski  
Appeal of the Decision and Order in EB-2011-0291 - Application by EnWin  
Utilities Ltd. for a Temporary Exemption to the Distribution System Code  
Board File Number EB-2012-0006**

The Board has received your correspondence dated January 27, 2012 requesting reasons on a variety of matters. The Board will consider those requests for reasons within the context of the Board's hearing of your appeal of the December 12, 2011 decision and order in EB-2011-0291 (the "Order").

Procedural Order #1, issued on January 24, 2012, acknowledges and addresses your request for an appeal of the Order. It also clearly states that, prior to hearing the appeal, the Board will first determine certain "preliminary issues".

Procedural Order #1 establishes the process for the hearing of the preliminary issues and, among other things, requires that you file your written submission on the preliminary issues by January 31, 2012. If you fail to file your written submission by that date, without prior approval from the Board for an extension of time to file, the Board may proceed to consider the preliminary issues in the absence of your written submission.

Please also note that following the Board's review and disposition of the preliminary issues, the Board may issue further procedural orders pertaining to your appeal.

All information related to this matter must be filed with the Board Secretary under the file number EB-2012-0006.

Yours truly,

*Original Signed By*

John Pickernell  
Assistant Board Secretary
