CARLETON UNIVERSITY

The Senate of Carleton University
hereby admits

Z. A.

who has fulfilled all the requirements and completed the
prescribed course of study to the degree of

Bachelor of Engineering Electrical

with all its rights and privileges in witness whereof
the Seal of the University is hereunto affixed.

Given at Ottawa, Canada, this 11th day of June, 1999.

A. Kroeger
Chancellor

R. J. Stanton
President and Vice-Chancellor
Chair of the Senate

GEA 101 Certification Examination Questions

Time Allowed: 30 minutes

70%
GOOD TRY!

Instruction: Write your name clearly on the space provided before you start. Please tick or shade the correct answer to all questions. There are 20 questions in all; and a minimum of any 15 correctly answered questions is mandatory for a certified Green Energy Associate.

Name: Z [REDACTED] A [REDACTED]

Q1. Legislation that deals with the planning, conservation and generation of renewable energy in Ontario is known as

- (A) Feed-In-Tariff
(C) Ontario Power Authority
(B) Green Energy Act
(D) Ontario Energy Act.

Q2. Low-volume consumers of electricity and natural gas have choices, with deregulation, except

- (A) the right to decide who supplies their electricity and natural gas commodities
(B) determining the best price plan for their electricity and natural gas commodities
(C) controlling their demand response to off-peak period
(D) changing from one retailer to another retailer

Q3. Provincial Benefit is applicable to individual consumer and cannot be transferred to a retailer or any other party.

- (A) False, and same with OPG Rebate
(C) True, but OPG Rebate is transferrable
(B) True, and same with OPG Rebate
(D) None of the above

Q4. _____ received Royal assent in May 2010.

- (A) Energy Consumers Protection Act
(C) Ontario Energy Act
(B) Green Energy Act
(D) OEB Act Reg. 200/02

Q5. _____ sets the legal and policy framework that governs the energy sector

- (A) Ontario Energy Board
(C) Independent Electricity System Operator
(B) Ontario Power Authority
(D) Ministry of Energy

Q6. After deregulation, the Crown Corporation, Ontario Hydro, re-organized in 1999 into five companies, but NOT including

- ☒ (A) Ontario Power Authority
☐ (B) Ontario Power Generation ✓
☐ (C) Ontario Electricity Financial Corporation ✓
☐ (D) Independent Electricity System Operator ✓

☒ Q7. Market deregulation does NOT affect BOTH the following, except

- ☐ (A) supply and generation
☒ (C) transmission and distribution
☐ (B) supply and transmission
☐ (D) transmission and generation

☒ Q8. Utility customers pay new prices for natural gas commodity every

- ☐ (A) 6 months
☐ (B) month
☒ (C) 3 months
☐ (D) 5 years

☒ Q9. Utility customers pay new prices for electricity commodity every

- ☐ (A) 6 months
☐ (B) month
☒ (C) 3 months
☐ (D) 5 years

☒ Q10. Market deregulation is covered under the _____ Act.

- ☒ (A) Ontario Energy Board
☐ (B) Energy Competition
☐ (C) Energy Consumers Protection
☐ (D) Green Energy

☒ Q11. 1000 kWh/month is the threshold for residential RPP customers in winter months.

- ☐ (A) 1000, summer
☒ (B) 1000, winter
☐ (C) 600, winter
☐ (D) None of the above

☒ Q12. Smart meters RPP rates help with the following, except

- ☐ (A) smooth "peak demands" ✓
☒ (C) guarantee economic savings
☐ (B) change every six months
☐ (D) help with energy conservation

☒ Q13. Which one of the following is FALSE?

- ☒ (A) IESO calculates new spot market price every five (5) minutes
☐ (B) Energy price changes depend on demand-supply forces on the IESO-grid
☐ (C) "Peak demands" create avoidable stress on the electricity system
☐ (D) None of the above

☒ Q14. Under the smart meters TOU pricing, electricity rate is lowest at _____ period.

- ☐ (A) On-Peak
☐ (B) Mid-Peak
☒ (C) Off-Peak
☐ (D) None of the above

☒ Q15. Final RPP Variance Settlement rate is set by _____ every _____.

- ☐ (A) Independent Electricity System Operator (IESO), year
☐ (B) Ontario Energy Board (OEB), year
☐ (C) Ontario Energy Board (OEB), month
☒ (D) Independent Electricity System Operator (IESO), month

~~Q16.~~ Which of the following is FALSE about Energhx's Blended IGEOpower Price Plan (BIPP)?

- (A) BIPP retains all the privileges of the RPP ✓
- (B) BIPP offers a cheaper effective electricity rate than the RPP always ✓
- (C) BIPP is technically the sum of three components, including Electricity Commodity, Charge, Green Energy Credit, and the IGEOpower Charge ✓
- (D) BIPP provides the privilege of activating the "Green Energy Credit" on customer's energy bill

~~Q17.~~ One of the following is FALSE about the Code of Ethics for all Green Energy Associates.

- (A) Wear and clearly display Energhx's identification badge when negotiating a contract with customer outside Energhx's place of business
- (B) Never emphasize the offering of "Green Energy Credit" as the main service of Energhx when negotiating the retailing of electricity and/or marketing of natural gas with customer
- (C) Never make changes to the Green Energy Credit Agreement after the customer has signed
- (D) Never sign customer's name on the Green Energy Credit Agreement

~~Q18.~~ Which one of the following does NOT constitute an unfair practice?

- (A) Making any false, misleading or deceptive statement to the public or to any consumer about the Terms and Conditions on the Green Energy Credit Agreement
- (B) Making any false, misleading or deceptive statement to the public or to any consumer about the quality of electricity retailing service and/or gas marketing service offered by any other electricity retailer or gas marketer
- (C) Making a true statement to the public or to any consumer about the financial or economic advantage of enrolling for Energhx's "Green Energy Credit" product
- (D) Making any false, misleading or deceptive statement to the public or to any consumer about the consequences if the consumer does not enter into or reaffirm a contract with Energhx

~~Q19.~~ When does a residential customer loses the Right to Cancel any Agreement entered into, without penalty?

- (A) When the decision to cancel is within 10 days of signing the Agreement; ✓
- (B) When the residential customer refuses to reaffirm decision to enter into the Agreement within 11-30 days of signing ✓
- (C) When the customer can present an evidence of a better offer from another retailer, even when power has started flowing under the current Agreement
- (D) When no Green Energy Associate call to reaffirm; and the customer calls to cancel within 11-30 days of signing

~~Q20.~~ Which one of the following is not TRUE?

- (A) When a customer signs another agreement with a different retailer/marketer after successfully enrolled by a retailer/marketer, the current agreement becomes null and void
- (B) When a customer signs another agreement with a different retailer/marketer after successfully enrolled by a retailer/marketer, a contest is initiated
- (C) It is the responsibility of a Green Energy Associate to find out that potential GreenPartner is not in agreement with another retailer/marketer

(D) Any customer in active agreement with another retailer/marketer should be warned about the possibility of paying Exit Fee to their current retailer/marketer before deciding to buy Energhx's "Green Energy Credit" product
