Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th floor
Toronto, ON M4P 1E4

Dear Ms Walli,

Enbridge Gas Distribution Inc.
2013 Test Year Rate Application
Board File No.: EB-2011-0354
Our File No.: 339583-000132

We are writing this letter to seek intervenor status and cost award eligibility in this proceeding on behalf of Canadian Manufacturers & Exporters ("CME").

Request for Intervenor Status

The reasons why CME should be granted intervenor status in this proceeding include the following:

1. CME is Canada's leading business network. Its members represent 75% of manufactured output in the Province of Ontario, and 90% of all exports.
2. Manufacturing is important to the Province of Ontario. It is the single largest sector of the economy (17.5% of Gross Domestic Product ("GDP") or \$300B) employing, directly, over 1M people in the Province.
3. Natural gas is significant to manufacturing as one of the sources of energy for the manufacturing sector. As a result, the members of CME are vitally concerned with all matters pertaining to the supply and price of natural gas commodity, including its transmission and distribution.
4. Many of CME's 1,400 Ontario-based member companies are distribution customers of Enbridge Gas Distribution Inc. ("EGD") The rate changes EGD asks the Board to approve will have an impact on these companies.

Request for Cost Award Eligibility

CME seeks a determination that it is eligible for a Cost Award on the following grounds:

1. CME is a not-for-profit organization funded by membership fees and revenues from the services it renders to Federal and Provincial Governments and Agencies to foster the development of national and international markets for its members and to break down trade barriers.

2. About 85% of CME's 1,400 Ontario-based member companies are small to medium sized business enterprises with 500 employees or less. The views of these businesses should be considered in this proceeding.
3. CME's ability to actively participate in this proceeding is dependent upon a determination that it is eligible for a Cost Award. In many prior proceedings, the Board has determined that CME is eligible for a Cost Award.

Written or Oral Hearing

Given the complexity of this Application, CME considers an oral hearing process, preceded by a short Settlement Conference of about one to two days, to be the most efficient way of proceeding with this Application.
