

EB-2012-0053

IN THE MATTER OF the *Ontario Energy Board Act 1998*,
S.O.1998, c.15, (Schedule B);

AND IN THE MATTER OF an application by Union Gas
Limited seeking approval of its new Demand Side
Management measures for the 2011 program year.

**NOTICE OF APPLICATION
AND
PROCEDURAL ORDER NO. 1**

On February 8, 2012, Union Gas Limited (“Union”) filed an application with the Ontario Energy Board (the “Board”) seeking approval of four new Demand Side Management (“DSM”) Measures for its 2011 program year.

Union consulted with the 2011 Evaluation and Audit Committee (“EAC”) on all measures included in its application and Union and the EAC achieved complete consensus on the new measures and associated input assumptions. The new measures are: Low Flow Showerheads – Low Income, Low Flow Showerheads – Commercial, Low Flow Bathroom Aerators – Commercial, and Low Flow Kitchen Aerators – Commercial.

The Board has assigned file number EB-2012-0053 to this application.

The Board’s Decision with Reasons for the Natural Gas DSM Generic Proceeding (EB-2006-0021) outlined a process allowing for updates to the DSM input assumptions, “arising from the evaluation and audit process, to be filed with the Board and considered accordingly”.

THE BOARD ORDERS THAT:

1. Union shall immediately serve a copy of its application on each intervenor in the Natural Gas Demand Side Management Guidelines for Natural Gas Distributors (EB-2008-0346) and on each party currently involved in Union's Demand Side Management Consultative (Full list attached as Appendix A).
2. Any party, including Board staff that wishes to comment on Union's application shall do so by written submissions filed with the Board, and delivered to Union, on or before **March 14, 2012**.
3. Union may respond by written submission filed with the Board, and delivered to all parties, on or before **March 23, 2012**.

You must forward two paper copies, and if possible, an electronic copy in searchable / unrestricted PDF format, of your submission to the Board and one copy to the applicant at the addresses below.

All filings to the Board must quote file number EB-2012-0053, and be made through the Board's web portal at www.errr.ontarioenergyboard.ca. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at www.ontarioenergyboard.ca. If the web portal is not available parties may email their document to the address below. Those who do not have internet access are required to submit all filings on a CD in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies.

All written submissions sent to the Board will be placed on the public record, which means that the written submissions will be available for viewing at the Board's offices and will be placed on the Board's website.

If the written submission is from a private citizen (i.e., not a lawyer representing a client, not a consultant representing a client or organization, not an individual in an organization that represents the interests of consumers or other groups, and not an individual from a regulated entity), before placing the written submission on the public record, the Board will remove any personal (i.e., not business) contact information from the written submission (i.e., the address, fax number, phone number, and e-mail

address of the individual). However, the name of the individual and the content of the written submission will become part of the public record.

As stated elsewhere in this notice, you must provide a complete copy of your written submission (including your name, contact information, and everything written in the submission) to the applicant.

Information relating to the application is available for viewing at the Board's offices at the address provided below or by contacting the applicant. The address and contact information for the applicant are also provided below.

Further information on how to participate may be obtained by visiting the Board's web site at www.ontarioenergyboard.ca or by calling our Consumer Relations Centre at 1-877-632-2727.
