**Re: Grimsby Power Inc. (“Grimsby”)
2012 Electricity Distribution Rate Application
(EB-2011-0273 Transcript Redactions)**

The oral hearing for this proceeding commenced on December 12, 2011. A brief session was held *in camera*. A public version of the transcript in which the *in camera* session was redacted in its entirety, was placed on the record for this proceeding.

At the Board’s request, on December 19, 2011 Grimsby provided a proposal to reduce the number of redactions for the *in camera* session.

The Board has now completed its review of the updated redacted version of the transcript. The Board has adopted Grimsby’s proposal with the exception of line 17 on page 51, which the Board has found should not be redacted as it contains only the name of a speaker and a salutation.

Attached is the updated redacted version of the transcript, which the Board is placing on the public record.

Yours truly,
