Dear Ms. Walli:

**RE: COLLUS Power Corp – Smart Meter Cost Recovery Application Process  
EB – 2012-0017**

COLLUS Power Corp ("COLLUS") provided confidential information regarding matters of contractual arrangements with its suppliers and service providers for our smart meter program in the Application. The previous Board Guideline G-2008-0002 stated, as a filing requirement, that a utility should file "a copy of the agreement(s) under which the smart meter assets have been procured". However the new Guideline G-2011-0001 changed this and states that "a general description of contractual arrangements with the selected vendors should be provided". Therefore the materials we have filed earlier are not required and we would like to address that with this correspondence.

COLLUS respectfully requests that the confidential materials that were filed earlier be removed and if at all possible returned to our utility at the Board's earliest convenience. In the event that the materials cannot be returned please advise us of this in writing and that they have been destroyed in a process that will ensure the protection of privacy requirements are maintained.

COLLUS appreciates the efforts of the Board and staff in completing the 2012 Smart Meter Cost Recovery process. If anything further is required please contact us.

Thank you,
