RE: EB-2011-0354 ENBRIDGE GAS DISTRIBUTION - 2013 DISTRIBUTION RATES

REQUEST & SUPPORT

I am writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) in regard to the Notice of Application . The Application requests approval of the Distribution Rates for 2013 under Section 36 (1)of the Ontario Energy Board Act, 1998. The plan and associated rate impacts have effect on the members of the FRPO.

FRPO is Ontario's leading advocate for quality rental housing, representing over 800 private owners and managers who supply over 300,000 rental suites across the province. Our members strongly believe that the rental-housing sector is best served by a competitive marketplace that offers choice and affordability in the provision of energy services. As a not-for-profit organization, FRPO does not have other funding sources to ensure experienced representation to participate in and assist the Board in these regulatory proceedings. FRPO has previously assisted the Board in other matters and has been awarded costs by the Board. Therefore FRPO would respectfully request a determination of eligibility for cost award in this proceeding.

ISSUE

Enbridge Gas Distribution (EGD) has just been through a five-year incentive regulation period which provided for stable rates and significant earnings for the utility. This proceeding will allow the Board and ratepayers to understand the opportunities for sustainable savings in 2013 and create rates that would become the foundation for future periods. Further, EGD has applied for significant investment in capital additions for, among other reasons, system reinforcement and storage additions. In our view, these issues ought to be reviewed in context of the history and with regard to the opportunity and impact of the rebasing year.

FRPO participated in recent annual ratemaking and deferral account disposition proceedings and has gained understanding of the elements that would contribute to ratemaking in the public interest. FRPO represents the direct interest of its members who are impacted by changes to the regulated rates of the utility. Therefore, FRPO would respectfully reserve its right to be involved in all aspects of the review of Union's rate application.
