Dear Ms. Walli,

Westario Power Inc. – License #ED-2002-0515
Addendum to 2012 3rd Generation IRM Model Rate Application # EB-2011-0205

In Westario Power Inc.'s ("Westario") initial submission of its 2012 3rd Generation IRM Model Rate Application submitted November 25, 2011, Westario sought a two-year disposition of Account 1562. Board staff have advised that the balance in Account 1562 qualifies as a "Group 1" variance account, which has a one-year disposition. This letter is to confirm that Westario concurs with the Board's treatment of Account 1562 for a one-year disposition. It is Westario's understanding that Board staff will revise the respective model to reflect this change.

An electronic copy of this addendum will be submitted through the OEB's e-Filing Services (RESS).

We would be pleased to provide any further information or details that you may require relative to this application.

Respectively submitted,

WESTARIO POWER INC.
