2012 IRM3 Distribution Rate Application  
Board Staff Reply Submission  
Board File No. EB-2011-0190**

Dear Ms. Walli:

Orangeville has discovered three errors in the Tariff of Rates and Charges. Jan Howard, Manager of Finance and Rates, has been out of the office since the Decision and Order was submitted, and unfortunately the Decision and Order was not discovered until April 5, 2012. We ask that the Board please consider the revisions suggested in this letter.

1. General Service Less than 50kW classification: the Service charge in the Rate Generator is \$33.108816, and the Service Charge in the Tariff of Rates is \$31.11. Please adjust the Tariff of Rates to \$33.11.
2. Sentinel Lighting Service classification: the Service Charge is **(per connection)** in the Rate Generator model and is **(per light)** in the Tariff of Rates. Please adjust the Tariff of Rates to **(per connection)**.
3. Street Lighting Service classification: the Service Charge is **(per connection)** in the Rate Generator model and is **(per light)** in the Tariff of Rates. Please adjust the Tariff of Rates to **(per connection)**.

An electronic version of our response has been filed on the Ontario Energy Board's RESS Filing System and has been emailed to the Board Secretary.

We hope that you will consider these adjustments but if you do require further information, please contact Jan Howard at [jhoward@orangevillehydro.on.ca](mailto:jhoward@orangevillehydro.on.ca) or by phoning 519-942-8000.

Yours truly,

ORANGEVILLE HYDRO LIMITED
