**Re: Confirmation of Accuracy of Draft Rate Order for Distribution Rates Effective
May 1, 2012 EB-2011-0203**

Dear Ms. Walli:

On April 4, 2012 the Ontario Energy Board (the "Board") issued its Decision and Order with respect to West Coast Huron Energy Inc.'s application for distribution rates effective May 1, 2012. As a condition of the order West Coast Huron Energy Inc. is required to file written confirmation assessing the completeness and accuracy of the draft Tariff of Rates and Charges, or provide a detailed explanation of any inaccuracies or missing information, within seven (7) calendar days of the date of this Decision and Order.

West Coast Huron Energy Inc. hereby confirms that it has reviewed and, subject to the exception below, verified the accuracy of the decision and draft rate order. West Coast Huron Energy Inc. finds the draft rate to be otherwise complete and accurate.

West Coast Huron Energy Inc. notes that the second listed Loss Factor on page eleven of the Tariff of Rates and Charges reads in error "Total Loss Factor – Primary Metered

Customer < 5,000 kW 1.0145” and should read “Total Loss Factor – Secondary Metered
Customer > 5,000 kW 1.0145”

This document is being filed pursuant to the Board’s e-Filing Services.

Yours Truly,

A handwritten signature in black ink, appearing to read "Wally Curry". The signature is fluid and cursive, with the first name "Wally" and the last name "Curry" clearly distinguishable.
