**Re: Entegrus –2012 3rd Generation IRM Rate Application Decision and Order Acceptance  
Board File No.: EB-2011-0148, EB-2011-0149 & EB-2011-0150**

Dear Ms. Walli,

Entegrus Powerlines Inc. (“Entegrus”) has reviewed the Board’s Decision and Orders issued on April 4, 2012 in the above noted files. Pursuant to the Board’s Order in Paragraph 2 of the Decision and Order, Entegrus confirms that the rates contained in the draft Tariff of Rates and Charges shown in Appendix A of EB-2011-0149 and EB-2011-0150 are complete and accurate.

Entegrus notes that Appendix A of EB-2011-0148 shows a Tariff of Rates and Charges that is not applicable to Entegrus. Entegrus respectfully requests this appendix be updated to the same attachment as EB-2011-0149 and EB-2011-0150.

Entegrus also respectfully requests the Tariff of Rates and Charges for Strathroy, Mt. Brydges & Parkhill be updated in all three decisions to include a subtitle with this rate zone clarification, similar to Dutton and Newbury.

If you have any further questions, please do not hesitate to contact me at (519) 352-6300 extension 243 or via email at [regulatory@ckenergy.com](mailto:regulatory@ckenergy.com).

Sincerely,

*[Original Signed By]*
