Dear Mr. Schneider:

**Re: Schneider Power Inc. – Generation Licence EG-2005-0275
Schedule 1 Amendment
Board File Number EB-2008-0068**

This will acknowledge receipt on March 25, 2008 of your application for a licence amendment. The Board has assigned File Number EB-2008-0068 to this matter. Please refer to this number in all future correspondence to the Board regarding this matter. All information related to this matter that is to be included in the record of the application must be filed with the Board Secretary.

Based on the Board's experience with applications of this nature, the Board expects that it will be able to render a decision and/or order for this application on or about June 23, 2008.

The Board also notes that there is some additional information typically asked for in a licence amendment application of this nature. It includes the following, with reference to section 21(4)(b) of the *Ontario Energy Board Act, 1998*:

1. A statement as to whether or not any person other than the licence holder will be adversely affected in a material way by the outcome of the proceeding, and why; and
2. A statement as to whether or not the applicant wishes that the Board dispose of this proceeding without a hearing.

With respect to 1, above, it would be useful to indicate what regulatory or planning approvals have already been obtained in relation to the new generation facilities.

There is no expectation that this additional information is needed to begin the process of reviewing this application. However, by providing such information, the processing of this application can be expedited.

Please direct any questions relating to this application to Tobi Baumhard, Project Advisor at 416- 440-8110 or e-mail, Tobi.Baumhard@oeb.gov.on.ca.
