The Board has reviewed the above referenced application. Your application is incomplete and cannot be processed until the following has been filed:

1. Additional Information Requirements for Contested Applications:
 - Filing Guidelines for contested applications require the applicant to provide evidence that would allow the Board to assess and compare connection proposals of contesting proponents. Please file Hydro One's offer to connect and provide concise detailed and complete responses to questions in section 7.5, from 7.5.3 to 7.5.5 of the Filing Requirements.
 - Section 7.5.6 - Please provide comparison of outage statistics for 2011.
 - Section 7.5.7 – Please provide quality and reliability of service statistics for 2011.
2. Schedule 1 of the OHL's licence ED-2002-0500 and Hydro One's licence ED-2003-0043:
 - The Board requires clarity as to how your service area amendment application will affect Schedule 1 of these two licences. Please provide a clear description to appear on Schedule 1 of each licence.

The Board will resume processing your application once the above information has been filed. If the above information is not filed within 30 days of the date of this letter, the Board may close the file for this application.

Please file two paper copies of the additional material and an electronic version in Word and in searchable Adobe Acrobat (if available) with the Board Secretary. Electronic copies may be submitted on CD or by e-mail to boardsec@ontarioenergyboard.ca.
