Our File No. 20100377

Ontario Energy Board

Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

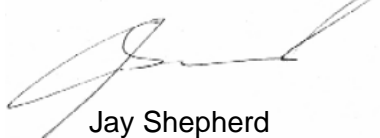

Re: EB-2010-0377/8/9, EB-2011-0043 – Renewed Regulatory Framework

We are counsel for the School Energy Coalition. We enclose the SEC submissions in the above matter, which are being filed a day late. We apologize for the late filing, which arose simply because the time necessary to complete the submissions ended up being much greater than we forecast.

The Board will see from the content of the submissions that we have deliberately not read the submissions of others, in order to avoid any inappropriate reply in our filing. However, in our submissions we have proposed that the Board allow all parties the opportunity to reply to others, and SEC would likely avail itself of that option if available.

All of which is respectfully submitted.

Yours very truly,
JAY SHEPHERD P. C.

Jay Shepherd
