Ms. Kirsten Walli

Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited's ("THESL")
Application for Existing Rates to be Made Interim
OEB File No. EB-2012-0064**

On April 16, 2012, THESL filed with the Board an application under file EB-2012-0064 for an order making existing rates interim effective May 1, 2012, with the exception of those rate riders with a termination date of April 30, 2012.

THESL understands that the Board must be in receipt of an application for rates from an applicant in order to consider a request for interim rates. Since THESL will be filing such an application shortly, THESL considers it expedient for the Board, THESL, and other parties for THESL to withdraw its April 16th request. THESL will instead include with its forthcoming application a request for rates to be made interim effective June 1, 2012. For additional clarity, THESL's request in this regard would have no effect on the impending expiry of the fixed term rate riders designated in THESL's current tariff to expire on April 30, 2012.

THESL trusts that the Board will find this proposal for the disposition of THESL's April 16th request to be appropriate.

Please contact me if necessary as noted below with respect to this matter.

Yours truly,
