Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
P.O. Box 2319, 27th Floor
2300 Yonge Street
Toronto, ON M4P 1E4

Dear Ms Walli:

**Re: 2012 IRM3 Distribution Rate Application - Tariff of Rates and Charges
Board File No. EB-2011-0191**

In accordance with the Decision and Order dated April 19, 2012 with respect to Board File No. EB-2011-0191, Orillia Power Distribution Corporation ("Orillia") has completed its review of the draft Tariff of Rates and Charges in order to assess its completeness and accuracy. Orillia has found two areas in the draft Tariff of Rates and Charges that requires correction as noted below. Orillia is otherwise satisfied with the remainder of the draft Tariff of Rates and Charges and hereby confirms the completeness and accuracy thereof. Orillia has noted the following:

1. Standby Power Service Classification: the words, "APPROVED ON AN INTERIM BASIS" are missing from the header, "MONTHLY RATES AND CHARGES – Delivery Component".
2. Unmetered Scattered Load Service Classification: Under MONTHLY RATES AND CHARGES – Delivery Component, the approved rate for Service Charge (per connection) appears as \$10.01. The approved rate should be \$10.10.

Orillia requests that the appropriate corrections be made and that the Board issue a final Tariff of Rates and Charges.

Ms. Walli – EB-2011-0191 - pg. 2
