

EB-2011-0250

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, (Schedule B);

AND IN THE MATTER OF an application by Lakefront Utilities Inc. for an order approving just and reasonable rates and other charges for electricity distribution to be effective May 1, 2012.

Before: Paula Conboy

Presiding Member

Cathy Spoel Member

DECISION AND ORDER May 1, 2012

Lakefront Utilities Inc. ("Lakefront") filed an application with the Ontario Energy Board (the "Board"), received on October 17, 2011 under section 78 of the *Ontario Energy Board Act*, 1998, S.O. 1998, c. 15, (Schedule B), seeking approval for changes to the rates that Lakefront charges for electricity distribution, to be effective May 1, 2012. The original application was incomplete as certain evidence was missing. Lakefront filed an amended application on December 5, 2011. The Board assigned File Number EB-2011-0250 to the application.

The Board issued a Notice of Application and Hearing dated December 12, 2011. The Board issued Procedural Order No. 1 on January 12, 2012 which among other things, scheduled interrogatories and granted intervenor status to the School Energy Coalition ("SEC") and the Vulnerable Energy Consumers Coalition ("VECC") in this proceeding.

The Board also determined that SEC and VECC were eligible to apply for an award of costs under the Board's *Practice and Direction on Cost Awards*.

As Lakefront had requested confidential status for a number of documents related to smart meter contracts with 3rd parties, the Board issued Procedural Order No. 2 on January 16, 2012 making provision for submissions regarding this request. No submissions were received from SEC, VECC or Board staff with respect to Lakefront's claim for confidentiality. On January 24, 2012 the Board issued its Decision and Order on Confidentiality determining that it would grant confidential treatment of the documents as requested.

On March 2, 2012, the Board issued Procedural Order No. 3 providing for intervenors or Board staff who wish to ask questions for the purpose of clarifying the information in the interrogatory responses filed by Lakefront to file supplementary written interrogatories. Additionally, the Board ordered a Settlement Conference to be convened on March 29, 2012 and to be continued if necessary on March 30, 2012. The Board ordered that any Settlement Agreement arising from the Settlement Conference be filed on or before April 18, 2012.

By letter dated April 18, 2012, Lakefront requested an extension to the deadline for the filing of the Settlement Agreement to April 26, 2012.

On April 19, 2012, the Board issued Procedural Order No. 4 in which the Board granted the extension to the deadline for the filing of any Settlement Agreement to April 26, 2012. Additionally, the Board declared Lakefront's current Board-approved Tariff of Rates and Charges interim effective May 1, 2012.

On April 27, 2012, Lakefront filed a proposed Settlement Agreement with the Board. Lakefront, SEC and VECC are the parties (collectively, the "Parties") to the proposed Settlement Agreement. The Settlement Agreement is included as Appendix A to this Decision and Order and represents a comprehensive Settlement Agreement with no unsettled matters.

Findings

The Board commends the parties on achieving settlement of all matters.

Having reviewed the Proposed Settlement Agreement, the Board accepts it in its entirety and further, accepts its cost and rate consequences as reasonable.

The Board wishes to remind the parties that, as settlements are the result of negotiations on many and complex issues, the particular results and terms of a given settled issue should not be viewed as a precedent.

Implementation

Pursuant to the approval by the Board of the terms and costs consequences of the Settlement Agreement, the new rates are to be effective May 1, 2012.

The results of the Settlement Agreement are to be reflected in Lakefront's Draft Rate Order. The Board expects Lakefront to file detailed supporting material, including all relevant calculations showing the impact of the implementation of the Settlement Agreement on its proposed Revenue Requirement, the allocation of the approved Revenue Requirement to the classes and the determination of the final rates, including bill impacts. Supporting documentation shall include, but not be limited to, the filing of a completed version of the Revenue Requirement Work Form excel spreadsheet which can be found on the Board's website.

A Rate Order will be issued after the steps set out below are completed.

THE BOARD ORDERS THAT:

- 1. Lakefront shall file with the Board, and shall also forward to the intervenors, a Draft Rate Order attaching a proposed Tariff of Rates and Charges and other filings reflecting the Board's findings in this Decision and Order within **7 days** of the date of this Decision and Order.
- 2. Intervenors and Board staff shall file any comments on the Draft Rate Order with the Board and forward to Lakefront within **7 days** of the date that Lakefront files the Draft Rate Order.
- Lakefront shall file with the Board and forward to intervenors responses to any comments on its Draft Rate Order within 4 days of the date of receipt of Board staff and intervenor comments.

Cost Awards

The Board may grant cost awards to eligible parties pursuant to its power under section 30 of the *Ontario Energy Board Act, 1998*. When determining the amount of the cost awards, the Board will apply the principles set out in section 5 of the Board's *Practice Direction on Cost Awards*. The maximum hourly rates set out in the Board's Cost Awards Tariff will also be applied.

- 1. Intervenors shall file with the Board and forward to Lakefront their respective cost claims within **7 days** from the date of issuance of the final Rate Order.
- Lakefront shall file with the Board and forward to intervenors any objections to the claimed costs within 14 days from the date of issuance of the final Rate Order.
- 3. Intervenors shall file with the Board and forward to Lakefront any responses to any objections for cost claims within **21 days** of the date of issuance of the final Rate Order.
- 4. Lakefront shall pay the Board's costs incidental to this proceeding upon receipt of the Board's invoice.

All filings with the Board must quote the file number EB-2011-0250, and be made through the Board's web portal at www.errr.ontarioenergyboard.ca, and consist of two paper copies and one electronic copy in searchable / unrestricted PDF format. Filings must be received by the Board by 4:45 p.m. on the stated date. Parties should use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at www.ontarioenergyboard.ca. If the web portal is not available, parties may e-mail their documents to the attention of the Board Secretary at BoardSec@ontarioenergyboard.ca. All other filings not filed via the Board's web portal should be filed in accordance with the Board's Practice Directions on Cost Awards.

All communications should be directed to the attention of the Board Secretary and be received no later than 4:45 p.m. on the required date.

DATED at Toronto, May 1, 2012

IN THE MATTER OF the *Ontario Energy Board Act*, 1998, S.O.

1998, c.15, (Schedule B);

AND IN THE MATTER OF an application by Lakefront Utilities Inc. for an order approving just and reasonable rates and other

charges for electricity distribution to be effective May 1, 2012.

LAKEFRONT UTILITIES INC.

PROPOSED SETTLEMENT AGREEMENT

FILED: APRIL 26, 2012

INTRODUCTION:

Lakefront Utilities Inc. ("Lakefront") carries on the business of distributing electricity within the

Town of Cobourg and the former Village of Colborne.

Lakefront filed an application with the Ontario Energy Board (the "Board") on October 17, 2011

under section 78 of the Ontario Energy Board Act, 1998, S.O. 1998, c. 15, (Schedule B), seeking

approval for changes to the rates that Lakefront charges for electricity distribution, to be

effective May 1, 2012. Certain evidence which was missing in the original application was

provided in an amended application filed on December 5, 2011. The Board assigned the

application File Number EB-2011-0250.

Two parties requested and were granted intervenor status: the Vulnerable Energy Consumers'

Coalition (VECC), and the School Energy Coalition (SEC). These parties are referred to

collectively as the "Intervenors".

In Procedural Order No. 1, issued on January 12, 2012, the Board approved the Intervenors in

this proceeding, set dates for interrogatories and interrogatory responses and made its

determination regarding the cost eligibility of the Intervenors.

Proposed Settlement Agreement Filed: April 26, 2012

Page 5 of 104

In Procedural Order No. 2, issued on January 16, 2012, the Board made provisions for the filing

of submissions related to Lakefront's request that certain smart meter-related documents be

maintained in confidence. By a Decision and Order dated January 24, 2012, the Board approved

Lakefront's confidentiality request.

In Procedural Order No. 3, issued on March 2, 2012, the Board set dates for supplemental

interrogatories and responses (March 12 and 23, 2012, respectively); a Settlement Conference

(March 29, 2012, continuing March 30, 2012 if necessary); and the filing of any Settlement

Proposal arising out of the Settlement Conference (April 18, 2012). In Procedural Order No. 4,

issued April 19, 2012, the Board extended the deadline for the filing of any Settlement Proposal

arising out of the Settlement Conference to April 26, 2012. The Board indicated that, upon

reviewing the Settlement Proposal, it would determine next steps and that, if necessary, the

Board expected to consider any unsettled issues by means of an oral hearing. There is no Board-

approved Issues List for this proceeding. Lakefront filed responses to both the original and

supplemental interrogatories.

The evidence in this proceeding (referred to here as the "Evidence") consists of the Application,

including the updates to the Application, and Lakefront's responses to the initial and

supplemental interrogatories. The Appendices to this Settlement Agreement (the "Agreement")

are also included in the Evidence. The Settlement Conference was duly convened in accordance

with the Procedural Order No. 3, with Mr. Chris Haussmann as facilitator. The Settlement

Conference was held on March 29, 2012 and March 30, 2012.

Lakefront and the following Intervenors participated in the Settlement Conference:

• School Energy Coalition ("SEC")

• Vulnerable Energy Consumers Coalition ("VECC").

Lakefront and the Intervenors are collectively referred to below as the "Parties".

These settlement proceedings are subject to the rules relating to confidentiality and privilege

contained in the Board's Settlement Conference Guidelines (the "Guidelines"). The Parties

Proposed Settlement Agreement Filed: April 26, 2012

Page 6 of 104

understand this to mean that the documents and other information provided, the discussion of

each issue, the offers and counter-offers, and the negotiations leading to the settlement – or not –

of each issue during the Settlement Conference are strictly confidential and without prejudice.

None of the foregoing is admissible as evidence in this proceeding, or otherwise, with one

exception: the need to resolve a subsequent dispute over the interpretation of any provision of

this Settlement Agreement.

The role adopted by Board Staff in the Settlement Conference is set out in page 5 of the

Guidelines. Although Board staff is not a party to this Agreement, as noted in the Guidelines,

Board staff who did participate in the Settlement Conference are bound by the same

confidentiality standards that apply to the Parties to the proceeding.

A COMPLETE SETTLEMENT HAS BEEN REACHED ON ALL ISSUES IN THIS

PROCEEDING:

The Parties are pleased to advise the Board that a complete settlement has been reached on all

issues in this proceeding. This document comprises the Proposed Settlement Agreement, and it

is presented jointly by Lakefront, SEC and VECC to the Board. It identifies the settled matters,

and contains such references to the Evidence as are necessary to assist the Board in

understanding the Agreement. The Parties confirm that the Evidence filed to date in respect of

each settled issue, as supplemented in some instances by additional information recorded in this

Agreement, supports the settlement of the matters identified in this Agreement. In addition, the

Parties agree that the Evidence, supplemented where necessary by the additional information

appended to this Agreement, contains sufficient detail, rationale and quality of information to

allow the Board to make findings in keeping with the settlement reached by the Parties.

The Parties explicitly request that the Board consider and accept this Settlement Agreement as a

package. None of the matters in respect of which a settlement has been reached is severable.

Numerous compromises were made by the Parties with respect to various matters to arrive at this

comprehensive Agreement. The distinct issues addressed in this proposal are intricately

interrelated, and reductions or increases to the agreed-upon amounts may have financial

Proposed Settlement Agreement Filed: April 26, 2012

Page 7 of 104

consequences in other areas of this proposal which may be unacceptable to one or more of the

Parties. If the Board does not accept the Agreement in its entirety, then there is no Agreement

unless the Parties agree that those portions of the Agreement that the Board does accept may

continue as a valid settlement.

It is further acknowledged and agreed that none of the Parties will withdraw from this

Agreement under any circumstances, except as provided under Rule 32.05 of the Board's Rules

of Practice and Procedure.

It is also agreed that this Agreement is without prejudice to any of the Parties re-examining these

issues in any subsequent proceeding and taking positions inconsistent with the resolution of these

issues in this Agreement. However, none of the Parties will, in any subsequent proceeding, take

the position that the resolution therein of any issue settled in this Agreement, if contrary to the

terms of this Agreement, should be applicable for all or any part of the 2012 Test Year.

References to the Evidence supporting this Agreement on each issue are set out in each section

of the Agreement. The Appendices to the Agreement provide further evidentiary support. The

Parties agree that this Agreement and the Appendices form part of the record in EB-2011-0250.

The Appendices were prepared by the Applicant. The Intervenors are relying on the accuracy

and completeness of the Appendices in entering into this Agreement. 'Appendix I to this

agreement - Proposed Schedule of 2012 Tariff of Rates and Charges (Updated)' is a proposed

schedule of Rates and Charges that Lakefront will use as the basis for its draft Rate Order

following Board approval of this agreement.

The Parties believe that the Agreement represents a balanced proposal that protects the interests

of Lakefront's customers, employees and shareholder and promotes economic efficiency and

cost effectiveness. It also provides the resources which will allow Lakefront to manage its assets

so that the highest standards of performance are achieved and customers' expectations for the

safe and reliable delivery of electricity at reasonable prices are met.

Proposed Settlement Agreement Filed: April 26, 2012

Page 8 of 104

The Parties have agreed that the effective date of the rates resulting from this proposed

Agreement is May 1, 2012 (referred to below as the "Effective Date"). In the event that the

Board does not issue its Final Rate Order in time for Lakefront to implement the rates resulting

from this Agreement as of May 1, 2012, the Parties agree that Lakefront may establish a rate

rider that would allow it to recover that portion of the Revenue Deficiency that would have been

recovered between May 1, 2012 and the Board-Approved Effective Date.

ORGANIZATION AND SUMMARY OF THE SETTLEMENT AGREEMENT:

As noted above, there is no Board-approved Issues List for this proceeding. For the purposes of

organizing this Agreement, the Parties have used the Issues List in the Guelph Hydro Electric

Systems Inc. proceeding (EB-2011-0123) as a guide as that Issues List addresses all of the

revenue requirement components, load forecast, deferral and variance account dispositions, cost

allocation and rate design and other issues that are also relevant to determining Lakefront's 2012

distribution rates.

The following Appendices accompany this Settlement Agreement:

Appendix A – Summary of Significant Changes

Appendix B – Continuity Tables

Appendix C – Cost of Power Calculation (Updated)

Appendix D – 2012 Customer Load Forecast (Updated)

Appendix E - 2012 Other Revenue (Updated)

Appendix F – 2012 PILS (Updated)

Appendix G – 2012 Cost of Capital

Appendix H – 2012 Revenue Deficiency (Updated)

Appendix I - Proposed Schedule of 2012 Tariff of Rates and Charges (Updated)

Appendix J – 2012 Updated Customer Impacts

Appendix K – Capitalization Policy

CGAAP vs MIFRS Comparison of Burdenable Items

Appendix L – Cost Allocation Sheets O1 and O2

Appendix M – Revenue Requirement Work Form

UNSETTLED MATTERS:

There are no unsettled matters in this proceeding.

Proposed Settlement Agreement Filed: April 26, 2012

Page 9 of 104

OVERVIEW OF THE SETTLED MATTERS:

This Agreement will allow Lakefront to continue to make the necessary investments in

maintenance and operation expenditures as well as capital investments to maintain the safety and

reliability of the electricity distribution service that it provides.

This Agreement will also allow Lakefront to: maintain current capital investment levels and,

where required, appropriately increase capital investment levels in infrastructure to ensure a

reliable distribution system; manage current and future staffing levels, skills and training to

ensure regulatory compliance with Codes and Regulations; promote conservation programs

including the Ministry of Energy directives as a condition of Lakefront's distribution licence;

and continue to provide the high level of customer service that Lakefront's customers have come

to expect.

The Parties agree that no rate classes face bill impacts in this proceeding that require mitigation

efforts beyond those set out in this Agreement. Specifically, the Parties have agreed that it is

appropriate to allow a four year period to bring Lakefront's General Service 3,000 – 4,999 kW

customer class to the lower boundary of the Board approved range of revenue-to-cost ratios for

that class.

In this Agreement, except where otherwise expressly stated, all dollar figures are calculated and

expressed using Modified International Financial Reporting Standards ("MIFRS").

The revised Service Revenue Requirement for the 2012 Test Year is \$4,417,962, which reflects

the updated cost of capital parameters (ROE and Deemed ST Debt rate) issued by the Board on

March 2, 2012 applicable to applications for rebasing effective May 1, 2012. The long term debt

rate was agreed to be 4.33%, for the purpose of settlement. With the adjustments to the ROE

and short term debt rate noted above, this represents a revenue deficiency. Compared to the

forecast 2012 revenue at current rates, of \$4,387,263, the revised Service Revenue Requirement

represents a deficiency of \$30,708 which is \$713,233 lower than the revenue deficiency of

\$743,941 set out in Lakefront's pre-filed evidence. The changes are detailed in the table below.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 10 of 104

	Original As per Application (A)	Settlement Submission (B)	Difference (C = B - A)
Service Revenue Requirement	5,131,204	4,417,968	713,236
Revenue Offset	378,462	378,462	-
Base Revenue Requirement	4,752,742	4,039,506	713,236
Revenue at Existing Rates	4,008,801	4,008,801	-
Revenue Deficiency	743,941	30,708	713,233

Through the settlement process, Lakefront has agreed to certain adjustments from its original 2012 Application and subsequent updated Evidence. Any such changes are described in the sections below.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 11 of 104

1. GENERAL

1.1 Has Lakefront responded appropriately to all relevant Board directions from previous proceedings?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 1, page 37, lines 10-13

For the purposes of settlement the Parties accept the Evidence of the Applicant that there were no outstanding obligations or orders from previous Board decisions.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 12 of 104

1.2 Are Lakefront's economic and business planning assumptions for 2012 appropriate?

Status: Complete Settlement

1.3 Is service quality, based on the Board specified performance assumptions for 2012 appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Pages 100-103;

VECC IR 1: #4; IR 2 : #1 Board Staff IRs: #14, #64

For the purposes of settlement, the Parties accept Lakefront's evidence with respect to the acceptability of its service quality, based on the Board-specified indicators.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 14 of 104

2. RATE BASE

2.1 Is the proposed rate base for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Page 9 (Table 2-0A), Page 10 (Table 2-0B),

Page 18 (Tables 2-3, 2-4A, 2-4B), Page 75 (Table 2-19); Board Staff IRs: #6, #65. VECC IR 1: #1; SEC IR 1: #2

For the purposes of settlement, the Parties have agreed that Lakefront's Rate Base is \$17,660,020 for the 2012 Test Year under MIFRS. A full calculation of this agreed Rate Base is set out later in this section in the table titled "Rate Base".

The revised Rate Base value reflects the following:

- Consistent with the Board's approval of Lakefront's 2008 cost of service distribution rate application (EB-2007-0761) and the resulting Board-approved rates, the ½ year rule has been applied to each capital addition for the year in which it went into service, from 2008 onward.
- The Parties have agreed that Lakefront will adjust its 2011 capital expenditures to reflect actual expenditures. The updated value is \$1,183,422 representing a reduction of \$805,479 from the value of \$1,988,901 shown in the Application. This in turn establishes Lakefront's opening 2012 Test Year Rate Base as \$15,970,963.
- The Parties agree that Lakefront's 2012 capital expenditures (net of contributions) for rate making purposes will be \$1,999,000 (CGAAP) which is the same value under MIFRS since Lakefront's capitalization policy under CGAAP met the IFRS standard for capitalizing OM&A. This agreed-upon expenditure level, and the asymmetrical variance

account agreed upon by the Parties in relation to 2012 capital expenditures, are discussed

• With respect to its load forecast, the Parties have agreed for the purposes of settlement to accept Lakefront's 2012 Load Forecast of 264,343,709 purchased kWh (net of CDM), as set out in its Application. The Parties have also agreed that the Cost of Power will be an RPP price of \$75.65/MWh and a Non-RPP price of \$71.91/MWh based on the October 17, 2011 Regulated Price Plan Price Report for November 1, 2011 to October 31, 2012. The \$75.65/MWh is outlined in Table E3-1 on page 3 of the report and the \$71.91/MWh reflects the Forecast Wholesale Electricity Price of \$31.83/MWh plus the impact of the Global Adjustment (\$40.08/MWh) also shown in Table E3-1. Please see Appendix C for the detailed Cost of Power calculation.

in greater detail under item 2.3 below.

Agreed-upon adjustments to Lakefront's proposed Rate Base under MIFRS are set out in the following table:

RATE BASE

	Initial Application	Adjustments	Settlement Agreement
Gross Fixed Assets (Average)	22,295,173	41,855	22,253,318
Accumulated Amortization (Average	8,695,275	140,633	8,554,642
Net Fixed Assets (Average)	13,599,899	(98,777)	13,698,676
Allowance for Working Capital	3,926,020	(35,324)	3,961,344
Total Rate Base	17,525,919	(134,101)	17,660,020

2.2 Is the working capital allowance for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Page 10 (Table 2-1 A), Page 11 (Table 2-1B),

Page 90; Exhibit 4, Page 10;

Board Staff IRs: #10,

For the purposes of settlement, the Parties agree to the following Working Capital Allowance calculated based on 15 % of the OM&A expenses of \$2,519,628 (MIFRS – see item 4.1, below, for CGAAP) and COP of \$23,839,792. The Parties have agreed that the following adjustments, reflecting the settled matters, will be made to Lakefront's Working Capital Allowance calculation:

ALLOWANCE FOR WORKING CAPITAL

	Initial Application	Adjustments	Settlement
Controllable Expenses	3,116,856	547,686	2,569,170
Cost of Power	23,056,611	-	23,839,792
Working Capital	26,173,467	547,686	26,408,962
Working Capital Rate %	15%	-	15%
Working Capital Allowance	3,926,020	(35,324)	3,961,344

Note: There has been no adjustment between the Application and the settlement in the use of 15% in the calculation of the Working Capital Allowance. The value of 0.00% shown in the "Adjustments" table above confirms that there has been no change to that value.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 17 of 104

2.3 Is the capital expenditure forecast for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Table 2-19, Page 75

Board Staff IRs: #6, #65; VECC IRR 1 #3, #5;

As noted above, for the purposes of obtaining complete settlement of all issues, the Parties agree to a reduction of the 2011 Bridge Year capital expenditures in the amount of \$805,479, from \$1,988,901 as proposed in the Application, to \$1,183,422.

For the purpose of settlement, the Parties agree that the 2012 Test Year net capital expenditures will be \$1,999,000 under CGAAP, as proposed in the Application, which translates to, \$1,999,000 under MIFRS. Please see Appendix K– Capitalization Policy and CGAAP vs MIFRS Comparison of Burdenable Items, for additional information.

The Parties accept the resulting forecast of 2012 Test Year capital expenditures. However, in the event that actual capital expenditures are less than the amount forecast, the Parties have agreed that it is appropriate to establish an asymmetrical variance account ("Capital Additions Variance Account") that would provide for the return to customers of the revenue requirement impact related to the difference between \$1,999,000 (under IFRS) of capital expenditures, and actual 2012 capital expenditures, if lower.

The Capital Additions Variance Account would record the difference in all components of annual revenue requirement (including, but not limited to, depreciation, interest, return on equity and PILs) resulting from any under spending on total capital expenditures closed to rate base in the Test Year. That is, if the net capital expenditures are less than \$1,999,000, the revenue requirement impact of the shortfall will be calculated and credited to the account for the test year and each year after the test year until Lakefront's rates are rebased. The account would be

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 18 of 104

subject to disposition in accordance with the Board's normal policies from time to time on the disposition of applicable variance accounts.

2.4 Is the capitalization policy and allocation procedure appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Appendix E; pages 123-127

Board Staff IRs: #44;

For the purpose of obtaining complete settlement of all issues, the Parties have accepted Lakefront's capitalization policy under IFRS, as set out in Appendix K to this Settlement Agreement.

The Parties have agreed that Lakefront will provide information on the record of this proceeding in the form shown in Appendix K, immediately following Lakefront's capitalization policy, indicating changes in Lakefront's capitalization of various categories of expenses as between CGAAP and IFRS. The table at the end of Appendix K is similar to that produced by Hydro Ottawa Limited in its response to Oral Hearing Undertaking No. L2.8 in its 2012 cost of service distribution rate application (EB-2011-0054). The Intervenors have requested this information in this proceeding, and intend to make the same request in other 2012 cost of service proceedings, with the intention of approaching the Board at a later date with a request that the Board develop a standardized approach to the capitalization of overheads. In order to ensure that Lakefront and its customers are kept whole in the event that the Board adopts a standardized approach, the Parties acknowledge that Lakefront will track any difference between (a) the amounts included in 2012 Test Year OM&A reflecting Lakefront's policy on capitalization of overheads under IFRS, and (b) the amounts that may be eligible for inclusion in OM&A under a standardized approach that may be adopted by the Board at a later date, and that if the result of such standardization is material and not otherwise resolved by the Board's policies, Lakefront may make a request for an accounting order to deal with that difference. The Parties will not take the position that the request as a whole is inappropriate.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 19 of 104

3. LOAD FORECAST AND OPERATING REVENUE

3.1 Is the load forecast methodology including weather normalization appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 3, pages 6-25;

Board Staff IRs: #21-26;66-68

VECC IR 1: #7-11; VECC IR 2:#9,#14.

For the purposes of settlement, the Parties accept Lakefront's load forecast methodology including weather normalization as contained in its Application, and its power purchased forecast of 264,343,709 kWh in 2012 and 250,200,674 kWh in 2012 test year billed consumption.

For the Board's reference, Lakefront has reproduced its forecast at Appendix D-2012 Customer Load Forecast.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 20 of 104

3.2 Are the proposed customers/connections and load forecasts (both kWh and kW) for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 3, Pages 5-24 Table 3-1, to 3-17;

Board Staff IRs: #26; VECC IR 1: # 10,11; VECC IR 2:# 9,#14;

For the purposes of settlement, the Parties agree with Lakefront's customers/connections and load forecasts (both kWh and kW) for the 2012 test year, as set forth in Appendix D.

3.3 Is the impact of CDM appropriately reflected in the load forecast?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 3, Page 19 (Table 3-11);

Board Staff IRs: #25, #60E VECC IR 1: #11 c,d,e; VECC IR 2:#14f, #15;

For the purposes of settlement, the Parties agree that the CDM adjustments as presented in the Application are appropriate. The 2012 forecast has been adjusted to reflect 2,718,000 kWh savings from 2012 CDM programs. The forecast CDM volumes in kWh and kW as applicable, by rate class at the adjusted levels are provided in the table below.

Rate Class	Volume	
Residential	1,049,050	kWh
GS< 50kW	504,413	kWh
GS> 50kW	2,566	kW

3.4 Is the proposed forecast of test year throughput revenue appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 3, Page 28- 36 (Table 3-21 to 3-26);

For the purposes of settlement, the Parties agree on the following throughput revenue:

Base Revenue Requirement					
Service Revenue Requirement	4,417,968				
Less: Revenue Offsets	378,462				
Base Revenue Requirement		4,039,506			

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 22 of 104

3.5 Is the test year forecast of other revenues appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 3, Table 3-26, page 36

For the purposes of settlement, the Parties accept Lakefront's test year forecast of a total of \$378,462 in Other Distribution Revenue, as set out in the Application.

For the Board's reference, Lakefront has reproduced its forecast at Appendix E-2012 Other Revenue.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 23 of 104

4. **OPERATING COSTS**

4.1 Is the overall OM&A forecast for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, Pages 5-7, (Tables 4-0 to 4-6);

Board Staff IRs: #7-9, 12, 63, 84;

VECC IR 1: #16-25; VECC IR 2: #5,7,8,11; SEC IR: #5-11, 17, 18, 20;

For the purposes of settlement, the Parties agree that the 2012 OM&A for the Test Year should be \$2,519,628 (MIFRS and CGAAP). The Parties rely on Lakefront's view that it can safely and reliably operate the distribution system based on the total OM&A budget proposed. The Parties have agreed that the adjustment will be based on an "envelope" approach, so that any determination of potential budget reductions to reflect the Board-approved 2012 OM&A will be at the discretion of Lakefront.

Please see Appendix K – Capitalization Policy and CGAAP vs MIFRS Comparison of Burdenable Items, for additional information.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 24 of 104

4.2 Are the methodologies used to allocate shared services and other costs appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, page 67-69 (Table 4-31);

VECC IR 1: #22, #23, #24; VECC IR 2: #10, #11;

For the purposes of settlement, the Parties accept the methodology used by Lakefront to allocate shared services and other costs.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 25 of 104

4.3 Is the proposed level of depreciation/amortization expense for the test year appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2, Pages 26-27 (Tables 2-7, 2-8); Page 90-92;

Application: Exhibit 4: Pages 87-93 (Tables 4-41 - 4-46);

Board Staff IRR 1 #47-50,#76-79;

SEC IRR 1 #4;

For the purposes of settlement, the Parties accept the useful lives proposed by Lakefront in the table below and the depreciation expense reported in the continuity schedules in Appendix B. The Parties have agreed that the proposed level of depreciation/amortization expense of \$809,063 for the test year is appropriate, less the PP&E deferral amount with a net effect of \$739,241 depreciation expense. Please see Appendix B – Continuity Tables for detailed depreciation expense calculation. Please also see section 11.1, below, for PP&E deferral account calculations including the resulting depreciation offset amount.

4.4 Are the 2012 compensation costs and employee levels appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, Page 74-85 (Table 4-36);

Board Staff IRR 1 #12; SEC IRR 1 #7-11,17,18;

VECC IRR 1 #25;

For the purpose of settlement, and subject to the overall reduction in 2012 Test Year OM&A discussed above, the Parties accept Lakefront's forecast 2012 Test Year compensation costs and employee levels.

4.5 Is the test year forecast of property taxes appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, page 9, line 21.

Lakefront has forecasted an amount of \$49,452 in property taxes that will be payable in the 2012 Test Year.

For the purposes of settlement, the Parties have accepted Lakefront's 2012 Test Year forecast of property taxes.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 28 of 104

4.6 Is the test year forecast of PILs appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, Table 4-51;

Board Staff IRR 1: Q54-59; Board Staff IRR 2: Q69.

For the purpose of settlement, the parties accept Lakefront's 2012 Test Year PILs forecast as set out in Appendix F to this Settlement Agreement. The parties acknowledge that while the original Application contemplated the hiring of apprentices which would have necessitated the inclusion of Apprenticeship Training Tax Credits into the PILs calculation, the settlement of OM&A under issue 4.1 has been made with the understanding that no apprentices will be hired in the test year.

Please see Appendix F - 2012 PILs (Updated), for additional details.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 29 of 104

5. CAPITAL STRUCTURE AND COST OF CAPITAL

5.1 Is the proposed capital structure, rate of return on equity and short term debt rate appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 5, Table 5-1 and 5-2;

For the purposes of settlement, the Parties have agreed that Lakefront's proposed capital structure of 56% long term debt, 4% short term debt, and 40% equity is appropriate.

This Settlement Agreement has been prepared using the Board's updated Cost of Capital Parameters for ROE (9.12%) and short term debt (2.08%) for cost of service applications for rates effective May 1, 2012, issued on March 2, 2012. These updated parameters will also be incorporated into the Draft Rate Order to be prepared following the issuance of the Board's Decision on the Settlement Agreement.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 30 of 104

5.2 Is the proposed long term debt rate appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 5, Table 5-2

For the purposes of settlement, the Parties agreed to Lakefront's long term debt rate of 4.33%. The calculation of the long term debt rate is set in Appendix G to this Agreement.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 31 of 104

6. SMART METERS

6.1 Is the proposed inclusion of the smart meter costs in the 2012 revenue requirement appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application : Exhibit 9, page 24;

Board Staff IRs: #15-19, 80-81

For the purposes of settlement, the Parties accept Lakefront's proposed inclusion of smart meter costs in the 2012 revenue requirement as appropriate.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 32 of 104

6.2 Is the proposed disposition of the balances in variance accounts 1555 and 1556 appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Board Staff IRs 1 #16-19, #80-81

For the purposes of settlement, the Parties accept that Lakefront's proposed disposition of the balances in variance accounts 1555 and 1556 is appropriate. With respect to the methodology for calculating smart meter-related riders, the parties have agreed that Lakefront will calculate class specific smart meter rate riders. The Parties have agreed that Lakefront will recover the residual deferred smart meter revenue requirement over a one year period on the basis provided in the following table:

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement Filed: April 26, 2012 Page 33 of 104

6.3 Is the proposal related to stranded meters appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Board Staff IRs: #20;

For the purposes of settlement, the Parties accept the stranded meter value of \$252,668 as presented in the following table. The Parties accept the proposal for recovery of that amount through a rate rider of \$2.17 per metered Residential and General Service < 50 kW customer per month over a one year period.

Stranded Meters	
Capital Cost	\$ 688,736
Accumulated Depreciation	\$ 436,068
NBV	\$ 252,668
Metered Customers	9705
Rate Rider per Metered Customer per Month	\$ 2.17

7. COST ALLOCATION

7.1 Is Lakefront's cost allocation appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 7

VECC IR 1: #26-27; Board Staff IRs: #86.

The Parties have agreed for the purposes of settlement to update the cost allocation model to reflect 2011 demand data for the GS 3,000 – 4,999 kW customer class. The parties have further agreed for the purposes of settlement to make adjustments to the meter capital information within the cost allocation model to recognize the differences in meter costs between rate classes. The adjusted "starting point" revenue to cost ratios for 2012 are illustrated in the tables below.

Class	Revenue Requirement - 2012 Cost Allocation Model Line 35 from O1 in CA	2012 Base Revenue Allocated based on Proportion of Revenue at Existing Rates	Miscellaneous Revenue Allocated from 2012 Cost Allocation Model - Line 19 from 01 in CA	Total Revenue	Revenue Cost Ratio	Check Revenue Cost Ratios from 2012 Cost Allocation Model Line 70 from O1 in CA	Proposed Revenue to Cost Ratio

Please see Appendix L – Cost Allocation Sheets O1 and O2, for additional information.

7.2 Are the proposed revenue-to-cost ratios for each class appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 8;

VECC IR 1: #26-27; Board Staff IR: #86.

For the purposes of settlement, the Parties have agreed that Lakefront will make certain adjustments to the cost allocation proposed in the Application. Specifically, the Parties have agreed that:

• Lakefront will follow the approach of moving outliers (that is, those customer classes whose revenue-to-cost ratios are above or below the approved ranges) to the lower and upper boundaries of their ranges as applicable, after which adjustments will be made to the lowest or highest classes within their ranges as necessary to maintain revenue neutrality.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement

> Filed: April 26, 2012 Page 37 of 104

• All movement of outliers to the upper and lower boundaries of their ranges will take

place in one adjustment in the 2012 test year, with the exception of the General Service

3,000 - 4,999 kW customer class, in respect of which the adjustment to the lower

boundary of the range will take place in equal increments over a 4 year period.

• The parties acknowledge that Lakefront may make adjustments to the revenue to cost

ratios for customer classes that are above 100% in the years following 2012 in order to

maintain revenue neutrality when the GS 3,000-4,999 class is adjusted in those

subsequent years to bring that class to the lower boundary of its range; any such

adjustments will always be made to the class most above a revenue to cost ratio of 100%

first, until lowered to the next highest ratio.

For the purposes of settlement, the Parties accept the revised proposed revenue-to-cost ratios

with the adjustments referred to in paragraph 7.1, above.

8. RATE DESIGN

8.1 Are the fixed-variable splits for each class appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 8, Pages 7-9 (Table 8-6);

SEC IRR:#14; VECC IRR: #29;

For the purposes of settlement, the Parties have accepted that the 2012 monthly service charge (the "MSC") will reflect the current fixed-variable splits being maintained with the exception that the MSC for the GS 50 - 2,999 kW customer class will be set at the MSC "Ceiling".

With these adjustments, the Parties accept the customer charges and the fixed-variable splits for each class. The table below provides a summary of settled MSC rates by rate class.

		Fixed	Charge An	alysis				
Customer Class	Current Volumetric Split	Current Fixed Charge Spilt	Total	Fixed Rate Based on Current Fixed/Variable Revenue Proportions	2011 Rates From OEB Approved Tariff	Minimum System with PLCC Adustment (Ceiling Fixed Charge From Cost Allocation Model)	Target Fixed Charge Split	Fixed Charge with Target Split

8.2 Are the proposed retail transmission service rates ("RTSR") appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 8, Pages 7-9 (Table 8-6);

SEC IRR:#14; VECC IRR: #29;

For the purposes of settlement the Parties have agreed that the following Retail Transmission Service Rates ("RTSRs"), based on the updated Uniform Transmission Rates issued by the Board on December 20, 2011 in EB-2011-0268, are appropriate.

Rate Class	Unit	_	sed RTSR twork	Proposed RTSI Connection		
Residential	kWh	\$	0.0055	\$	0.0044	
General Service Less Than 50 kW	kWh	\$	0.0050	\$	0.0040	
General Service 50 to 2,999 kW	kW	\$	2.0534	\$	1.5822	
General Service 3,000 to 4,999 kW	kW	\$	2.2965	\$	1.8660	
Unmetered Scattered Load	kWh	\$	0.0059	\$	0.0049	
Sentinel Lighting	kW	\$	1.5563	\$	1.2486	
Street Lighting	kW	\$	1.5487	\$	1.2231	

8.3 Are the proposed LV rates appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 8, Pages 9-10 (Tables 8-7, 8-8);

VECC IRR 1:#30

For the purposes of settlement, the Parties accept Lakefront's proposed LV rates, provided in the table below.

	LV Adj.			Volumetric	LV/ Adj.	LV Adj.
Customer Class	Allocated	Calculated kWh	Calculated kW	Rate Type	Rates/kWh	Rates/ kW
Residential	97,140.40	73,125,152	0	kWh	0.0013

8.4 Are the proposed loss factors appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 4, Pages 94-98, (Tables 4-47 to 4-50);

Application: Exhibit 8, Pages 10-12, (Tables 8-9 to 8-11);

Board Staff IRR #13, #61;

For the purposes of settlement, the Parties accept the Loss Factor of 1.0565 proposed by Lakefront in its Application.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement

> Filed: April 26, 2012 Page 43 of 104

9. DEFERRAL AND VARIANCE ACCOUNTS

9.1 Are the account balances, cost allocation methodology and disposition period

appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 9;

Board Staff IRs: #30-40, 70-74.

For the purposes of settlement, the Parties have agreed that the account balances, cost allocation

methodology and disposition period for the deferral and variance accounts as presented in the

evidence cited above, adjusted for the matters discussed below, are appropriate:

• As noted previously, the Parties have agreed to Smart Meter rate riders using a customer

class specific methodology pursuant to the settlement of issue 6.2 above.

• The Parties have agreed that Lakefront has appropriately calculated the stranded meter

rider in the amount of \$2.17 per metered customer per month over a one year period, as

discussed under item 6.3, above.

9.2 Are the proposed rate riders to dispose of the account balances appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 9;

Board Staff IRR #20, #30, #33, #35-#39; #71-74.

For the purposes of settlement, and with the revision of the methodology for the calculation of Smart Meter rate riders discussed above, the Parties accept the proposed rate riders to dispose of the account balances. The rate rider calculations are set out in the table below:

Deferral and Variance Accounts: 1550 1580 1584 1586 1588 Excl GA 1589- Global Adjustment 1590 1595- 2008	Amount \$ (101,408) \$ (263,623) \$ 26,403 \$ 31,723 \$ (411,307) \$ (115,424) \$ 292 \$ (70)		Residential (29,638) (77,048) 7,717 9,271 (120,211) (6,876) 86 (20)	GS < 50 KW (14,251) (37,047) 3,710 4,458 (57,801) (3,397) 41 (10)	GS 50 - 2999 kW (48,884) (127,079) 12,728 15,292 (198,270) (87,798) 137 (33)	GS 3,000 - 4,999 (7,821) (20,330) 2,036 2,446 (31,720) (15,717) 26 (6)	USL (290) (755) 76 91 (1,178) (582) 1 (0)	Sentinel Lighting (32) (83) 8 10 (129) (64) 0 (0)	Streetlight (493) (1,281) 128 154 (1,998) (990) 2 (0) -	Total (101,408) (263,623) 26,403 31,723 (411,307) (115,424) 292 (70)

11. MODIFIED INTERNATIONAL FINANCIAL REPORTING STANDARDS

11.1 Is the proposed revenue requirement determined using modified IFRS appropriate?

Status: Complete Settlement

Supporting Parties: Lakefront, SEC, VECC

Evidence: Application: Exhibit 2;

VECC IRR 1: #2, 16;

SEC IRs: #20;

Board Staff IRs: #41-53; #75-78.

The Parties agree to a Service Revenue Requirement, based on IFRS, of \$4,418,509.

With regard to Lakefront's PP&E Account, which tracks the amounts, including associated depreciation, attributable to the difference between CGAAP and IFRS calculations of net fixed assets as at the end of 2011, the Parties accept for the purposes of settlement Lakefront's methodology for calculation of the amount to be booked in the PP&E account. The table below sets out the full calculation of the PP&E Deferral Account consistent with the terms of this Settlement Agreement.

Lakefront Utilities Inc. - MIFRS PP&E Deferral Account

Appendix I – Proposed 2012 Tariff of Rates and Charges (Updated)

Smart Meter Rate Rider is applied over a one year period. All other rate riders are applied over a four year period.

RESIDENTIAL SERVICE CLASSIFICATION

This classification applies to an account taking electricity at 750 volts or less where the electricity is used exclusively in a separate metered living accommodation. Customers shall be residing in single-dwelling units that consist of a detached house or one unit of a semi-detached, duplex, triplex or quadruplex house, with a residential zoning. Separately metered dwellings within a town house complex or apartment building also qualify as residential customers. All customers are single-phase. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges or assessments that are required by law to be charged by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, charges for Ministry of Energy Conservation and Renewable Energy Program, the Global Adjustment, the Ontario Energy Benefit and the HST.

GENERAL SERVICE LESS THAN 50 kW SERVICE CLASSIFICATION

This classification applies to a non residential account taking electricity at 750 volts or less whose average monthly maximum demand is less than, or is forecast to be less than, 50 kW. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges or assessments that are required by law to be charged by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, charges for Ministry of Energy Conservation and Renewable Energy Program, the Global Adjustment, the Ontario Energy Benefit and the HST.

GENERAL SERVICE 50 to 2,999 kW SERVICE CLASSIFICATION

This classification applies to a non residential account whose average monthly maximum demand used for billing purposes is equal to or greater than, or is forecast to be equal to or greater than, 50 kW but less than 5,000 kW. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges or assessments that are required by law to be charged by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, charges for Ministry of Energy Conservation and Renewable Energy Program, the Global Adjustment, the Ontario Energy Benefit and the HST.

UNMETERED SCATTERED LOAD SERVICE CLASSIFICATION

This classification applies to an account taking electricity at 750 volts or less whose average monthly maximum demand is less than, or is forecast to be less than, 50 kW and the consumption is unmetered. Such connections include cable TV power packs, bus shelters, telephone booths, traffic lights, railway crossings, etc. The level of the consumption will be agreed to by the distributor and the customer, based on detailed manufacturer information/documentation with regard to electrical consumption of the unmetered load or periodic monitoring of actual consumption. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges or assessments that are required by law to be charged by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, charges for Ministry of Energy Conservation and Renewable Energy Program, the Global Adjustment, the Ontario Energy Benefit and the HST.

EB-2011-0250 Lakefront Utilities Inc. Proposed Settlement Agreement

> Filed: April 26, 2012 Page 82 of 104

Appendix K – Capitalization Policy

LAKEFRONT UTILITIES INC.

Intent

This policy has been developed to ensure that Lakefront Group of Companies properly accounts

for the investment in its property, plant and equipment and the changes in such investments.

These guidelines were written in accordance with Generally Accepted Accounting Principles

(GAAP) and amended to include changes with respect to International Financial Reporting

Standards (IFRS) where required, auditor requirements and Ontario Energy Board's Accounting

Procedures Handbook.

Capitalization Guidelines

A capital asset is broadly defined as being one that will provide future economic benefits to the

organization. The definition in the OEB Handbook includes items which:

1. are held for use in the production or supply of goods and services, for rental to others, for

administrative purposes or for the development, construction, maintenance or repair of

other capital assets;

2. have been acquired, constructed or developed with the intention of being used on a

continuing basis; and,

3. are not intended for sale in the ordinary course of business.

Fixed assets have a useful life of more than one year and are subject to depreciation. Any directly

attributable expenditures to acquire, construct or better that asset, should therefore be capitalized.

All other expenditures should be expensed as a period expense in the year they occur.

EB-2011-0250 Lakefront Utilities Inc.

Proposed Settlement Agreement Filed: April 26, 2012

Page 83 of 104

Professional judgment must be used to determine when an expense is classified as capital or an

operating expense. A betterment (capitalized) will enhance the service potential of an existing

asset by increasing its service capacity, lowering the operational costs associated with the asset,

extending the useful life of the asset, or improving the output of that asset. If the expenditure

does not meet these tests, it will likely be considered an expense. Period expenses generally do

not result in an improvement to the existing asset but rather, the expense is required to keep the

asset operating in the same capacity as it was originally.

In order to be capitalized, an item must meet the minimum threshold requirement of two hundred

dollars (\$500.00) unless it is a small vital component in a larger capital asset (i.e. ties at the base

of a pole), then the item should still be capitalized. The minimum threshold may be overridden,

based on justified professional judgment.

Value

The value of a capital asset is the cash price equivalent at the purchase date. The cash price of a

capital asset includes:

a) its purchase price, including an importing duties and non-refundable taxes, after

deducting trade discounts and rebates.

b) any costs that directly attributed to bringing the asset to the location and condition

necessary for it to be capable of operating in the manner intended by Lakefront Group of

Companies.

c) the initial estimate of the costs of dismantling and removing the item and restoring the

site on a consequence of having used the item during a particular period for purposes

other than to produce inventories during that period.

EB-2011-0250 Lakefront Utilities Inc.

Proposed Settlement Agreement Filed: April 26, 2012

Page 84 of 104

Residual Value & Useful Life

Lakefront Group of Companies will review at least annually the residual value and useful life of

each asset. Reviews ensure that the carrying amount does not differ materially from what would

be determined using fair value at the balance sheet date.

Increases and decreases in capital assets during reviews will be reported as a profit or loss in

equity. If expectations differ from previous estimates the changes shall be accounted for as a

change in estimate in accordance with IAS 8.

The following factors will be considered when determining the useful life of an asset:

a) Expected usage of the asset. Usage is assessed by reference to the asset's expected

capacity or physical output.

b) Expected physical wear and tear, which depends on operational factors such as the

number of shifts for which the asset is to be used and the repair and maintenance

program, and the care and maintenance of the asset while idle.

c) Technical or commercial obsolescence arising from changes or improvements in

production, or from a change in the market demand for the product or service output of

the asset.

d) Legal or similar limits on the use of the asset, such as the expiry dates of related leases.

e) Kinetrix report published by the OEB, to assist in determining the typical useful lives

under IFRS.

f) Professional judgment
