

EB-2012-0224

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application pursuant to
section 86(1)(b) of the *Ontario Energy Board Act*,
1998 by Brantford Power Inc. seeking an order
granting leave to sell distribution system assets to
Loblaw Companies Limited.

By delegation, before: Adrian Pye

DECISION AND ORDER
May 3, 2012

THE APPLICATION

Brantford Power Inc. ("Brantford Power") filed an application with the Ontario Energy Board on April 26, 2012 under section 86(1)(b) of the *Ontario Energy Board Act, 1998* (the "Act") for a Board order granting Brantford Power leave to sell certain distribution system assets to Loblaw Companies Limited ("Loblaw").

The assets consist of one meter cabinet, two test blocks and assorted wiring and cabling (the "metering assets") and are located at 410 Fairview Drive and 290 King George Rd., Brantford, Ontario.

The total sale price of \$2.00 (plus HST) represents the net book value of the assets.

FINDINGS

Based on the evidence, I find that there are benefits to the proposed transaction, and no negative consequences have been identified. It is therefore in the public interest to grant Brantford Power leave to sell the metering assets to Loblaw. The following facts are relevant to this decision.

Section 86(1)(b) of the Act provides that leave of the Board is required before a transmitter or a distributor can “sell, lease or otherwise dispose of that part of its transmission or distribution system that is necessary in serving the public.” The assets that are the subject of this transaction are necessary in serving the public.

The sale is for the purposes of transferring ownership of the metering assets to Loblaw to use these assets for wholesale metering as an Independent Electricity System Operator market participant. Brantford Power states that the assets proposed to be sold to Loblaw exclusively serve and will continue to serve Loblaw. After the proposed transaction Loblaw will own the assets instead of the utility. Brantford Power states that the transaction will not adversely affect the safety, reliability, quality of service or operations of the applicant or Loblaw. The proposed transfer will not impact distribution rates of the applicant.

Brantford Power requested, with Loblaw’s consent, that the Board dispose of this matter without a hearing under section 21(4)(b) of the Act. I find, based on the evidence filed in the application, that no other person will be adversely affected in a material way by the outcome of this proceeding. I have therefore disposed of this matter without a hearing.

IT IS ORDERED THAT:

1. Brantford Power Inc. is granted leave to sell one meter cabinet, one test block and wiring and cabling located at 410 Fairview Drive and one test block and wiring and cabling located at 290 King George Rd., Brantford, Ontario to Loblaw Companies Limited.

DATED at Toronto, May 3, 2012
