Subject: requesting Intervenor status or observer status: SSMPUC Inc.

Hello,

this is in response to the ad in the Sault Star dated April 5, 2012. I am Nadine Robinson, a PUC customer and a columnist with the Sault Star. I continue to be affected by all of these rate increases as a PUC customer. I don't represent a group, other than perhaps my readers.

I am not knowledgeable about this process, so please explain who decides if I get intervenor status, how many intervenors there can be, on what grounds would someone be turned down, and by when we are informed.

Also, if I am not an intervenor, I would also request observer status.

Regards,
