Mr. Brian Rivard
Manager, Regulatory Affairs and Sector Policy Analysis
Independent Electricity System Operator
655 Bay Street, Suite 410
P.O. Box 1
Toronto ON M5G 2K4

Dear Mr. Rivard:

**Re: Independent Electricity System Operator ("IESO"), in its capacity as Smart
Metering Entity ("SME")
Determination of Smart Metering Charge ("SMC")
Board File No. EB-2012-0100
Determination of Appropriate Allocation and Recovery of SMC
Board File No. EB-2012-0211**

The Board is in receipt of the IESO's application made in its capacity as the SME for approval of a monthly SMC of \$0.806 per Residential and General Service <50kW Customer to be charged to all licensed electricity distributors ("Distributors") for the period July 1, 2012 to December 31, 2017, an annual automatic adjustment mechanism to update the SMC, a variance account as well as approval of the Smart Metering Agreement for Distributors.

To reduce the number of potential interrogatories from participating parties, the Board requires the following supplemental evidence to be filed in support of the application by the SME:

1. Costs in Exhibit C, Tab1 pages 3-4 by year (2006-2017), broken down by:
 - a) OM&A Program Costs; and
 - b) Capital Program Costs (including details on amortization).

2. OM&A Program Costs by year (2006-2017), further broken down to include:

- a) Staff Costs;
- b) Computer Support, Maintenance & Equipment;
- c) Contract Services and Consultants;
- d) Administration; and
- e) Telecommunications.

The Board expects that the supplemental evidence be filed with the Board Secretary on or before June 4, 2012.

Yours truly,

Original Signed By

Kirsten Walli
Board Secretary
