Ref: TransCanada's Written Evidence, Page 11, Section 3.5

Preamble:

“TransCanada has presented a number of options that can meet Union’s objective at a lower cost by using existing infrastructure. One or a combination of these options can be developed in consultation with Union, taking into account growth prospects downstream of Parkway, and Ontario gas consumers will have the right solution without having to pay the costs of redundant infrastructure.”

 - i. Who will own the facilities**
 - ii. Timing for in-service, including identifying timing of regulatory and other permits/approvals**
 - iii. Estimates of capital and operating costs (including return)**
