**A. Parkway Station Costs**

**1. What are the Parkway obligations of CME, CCC, CCK and FRPO?**

**Interrogatory 1:**

**Reference:** Evidence of CME, CCC, CCK and FRPO as prepared by John A.  
Rosenkranz, Page 3, lines 12-15, lines 26-28 and page 4, lines 3-6.

**Preamble:** CME, CCC, CCK and FRPO asserts that Union's metering and  
compression assets at Parkway are not used to transport or deliver natural  
gas to any of the upstream in-franchise markets that are connected to the  
Dawn-Parkway transmission system. CME, CCC, CCK and FRPO also  
recommend that a new M12 in-franchise service be created to allow in-  
franchise customers to meet their Parkway obligation.

In its evidence, Union describes the requirement for in-franchise  
customers to make obligated deliveries at Parkway

**Request:** a) For each group of CME, CCC and FRPO members who have entered into  
Direct Purchase arrangements and for CCK, please indicate the respective  
obligated delivery quantities at Parkway in effect during the years 2011,

2012 and 2013. If the requested information is not available for all members please provide as many representative samples as possible.

- b) For each of the Direct Purchase arrangements outlined above please describe in detail how the above-referenced obligated deliveries at Parkway are met contractually.

**Calgary, Alberta**

Respectfully submitted,
