

EB-2012-0251

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application pursuant to section 86(1)(b) of the *Ontario Energy Board Act, 1998* by Oakville Hydro Electricity Distribution Inc. seeking an order granting leave to sell distribution system assets to Loblaw Companies Limited.

By delegation, before: Adrian Pye

DECISION AND ORDER

May 24, 2012

THE APPLICATION

Oakville Hydro Electricity Distribution Inc. ("Oakville Hydro") filed an application with the Ontario Energy Board on May 11, 2012 under section 86(1)(b) of the *Ontario Energy Board Act, 1998* (the "Act") for a Board order granting Oakville Hydro leave to sell certain distribution system assets to Loblaw Companies Limited ("Loblaw").

The assets consist of one test block, assorted wiring and cabling, three current transformers and three voltage transformers (the "metering assets") and are located at 201 Oak Park Blvd., Oakville, Ontario.

The total sale price of \$1,316.47 (plus HST) represents the net book value of the assets.

FINDINGS

Based on the evidence, I find that there are benefits to the proposed transaction, and no negative consequences have been identified. It is therefore in the public interest to

grant Oakville Hydro leave to sell the metering assets to Loblaw. The following facts are relevant to this decision.

Section 86(1)(b) of the Act provides that leave of the Board is required before a transmitter or a distributor can “sell, lease or otherwise dispose of that part of its transmission or distribution system that is necessary in serving the public.” The assets that are the subject of this transaction are necessary in serving the public.

The sale is for the purposes of transferring ownership of the metering assets to Loblaw to use these assets for wholesale metering as an Independent Electricity System Operator market participant. Oakville Hydro states that the assets proposed to be sold to Loblaw exclusively serve and will continue to serve Loblaw. After the proposed transaction Loblaw will own the assets instead of the utility. Oakville Hydro states that the transaction will not adversely affect the safety, reliability, quality of service or operations of the applicant or Loblaw. The proposed transfer will not impact distribution rates of the applicant.

Oakville Hydro requested, with Loblaw’s consent, that the Board dispose of this matter without a hearing under section 21(4)(b) of the Act. I find, based on the evidence filed in the application, that no other person will be adversely affected in a material way by the outcome of this proceeding. I have therefore disposed of this matter without a hearing.

IT IS ORDERED THAT:

1. Oakville Hydro Electricity Distribution Inc. is granted leave to sell one test block, wiring and cabling, three current transformers and three voltage transformers located at 201 Oak Park Blvd., Oakville, Ontario to Loblaw Companies Limited.

DATED at Toronto, May 24, 2012

ONTARIO ENERGY BOARD
