Dear Mr. Kim:

**Re: Hydro One Networks Inc.
Application for Leave to Sell Distribution Assets to Pinewood Trailer Park
Board File Number EB-2012-0213**

The Board has reviewed your application for leave to sell distribution assets to Pinewood Trailer Park.

Please note that prior to hearing the application, the Board requires additional information regarding the current metering configuration on the grounds of the trailer park. This information will assist the Board in considering your request to dispose of this application without a hearing pursuant to section 21 (4) (b) of the *Ontario Energy Board Act, 1998*. In this regard, please respond to the following items by June 4, 2012:

1. Please confirm that the services on the property are individually metered. If confirmed, please identify how many metered services there are and when they were installed.
2. Please advise whether each of the services on the property are currently metered by Hydro One, with an associated Hydro One account. If not, please explain.
3. Please advise whether the accounts are in the name of Pinewood Trailer Park or in the names of other individuals. If they are a combination of both, please provide a breakdown of how many accounts are in the name of each (please note that no personal information should be provided).

4. If the services on the property are not currently metered by Hydro One, please confirm if the services are metered by another entity. If confirmed, please identify that entity and provide its contact information.

The Board will continue processing your application once the above information has been filed.

Please direct any questions to George Dimitropoulos, Project Advisor, Licence Applications at +1 (416) 544-5152 or George.Dimitropoulos@ontarioenergyboard.ca.

Yours truly,
