Dear Ms. Walli:

Re: EB-2012-0100 Independent Electricity System Operator (“IESO”), in its capacity as Smart Metering Entity (“SME”) Determination of Smart Metering Charge (“SMC”) Enersource Hydro Mississauga Inc.

In response to the Ontario Energy Board’s (“Board”) Notice of Application and Hearing dated May 18, 2012, Enersource Hydro Mississauga Inc. (“Enersource”) is applying for intervenor status in the above-noted proceeding. Enersource is a major stakeholder in the Ontario energy sector and appears regularly before the Board. As a regulated Ontario electricity distributor, Enersource is affected by this application.

Enersource may participate in this proceeding as part of a coalition of distributors and/or independently. Enersource is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Sincerely,
