**TransCanada PipeLines
TECHNICAL CONFERENCE QUESTIONS**

1. TransCanada – Technical Conference Question # 1

Ref: J.B-1-7-8

Please provide a detailed calculation of the first full year operating cost of \$16.4 million. Please also provide the average annual owning and operating costs over the next 15 years.

2. TransCanada – Technical Conference Question # 2

Ref: J.B-4-3-2

Union states that its Parkway West Header construction project requires OEB Leave to Construct Approval and the expected LTC Application Submission date is Q3/Q4 2012

Please clarify exactly what proposed Parkway West project facilities will be included in the LTC application(s) and whether the expected application submission date has changed.

3. TransCanada – Technical Conference Question # 3

Ref: J.C-4-7-3 m)

Union was asked to provide the design day and peak day capacity of the Bluewater to Dawn path after the new NPS 20 river crossing pipe is placed into service. In its response, Union referred back to J.C-4-7-3 d) which states that the Bluewater to Dawn path design day and peak day capacity is 213,875 GJ/d.

Please confirm that the Bluewater to Dawn path design day and peak day capacity will not change after the new NPS 20 river crossing pipe is placed into service.
