Kirsten Walli  
Board Secretary  
Ontario Energy Board  
27<sup>th</sup> floor – 2300 Yonge Street  
Toronto, ON M4P 1E4

Dear Ms Walli,

**Hydro One Networks Inc. (“Hydro One”)  
2013 and 2014 Transmission Revenue Requirement  
Board File No.: EB-2012-0031  
Our File No.: 339583-000142**

We are writing to seek intervenor status and cost award eligibility in this proceeding on behalf of Canadian Manufacturers & Exporters (“CME”).

Request for Intervenor Status

The reasons why CME should be granted intervenor status in this proceeding include the following:

1. CME is Canada’s leading business network. Its members represent 75% of manufactured output in the Province of Ontario, and 90% of all exports.
2. Manufacturing is important to the Province of Ontario. It is the single largest sector of the economy (17.5% of Gross Domestic Product (“GDP”) or \$300B) employing, directly, over 1M people in the Province.
3. Electricity is the primary source of energy for the manufacturing sector. As a result, the members of CME are vitally concerned with all matters pertaining to the supply and price of electricity.
4. Ontario-based CME members seek an electricity system for Ontario that is one of the most cost-effective and economically sustainable systems in North America.
5. CME’s primary focus, in this proceeding, is the impact that the level of the transmission rate increases Hydro One seeks effective January 1, 2013, and January 1, 2014, in combination with other concurrent increases in electricity prices, will have on the total electricity bills of its members.
6. CME wishes to actively participate in this proceeding to assure that any rate changes which the Board approves, in combination with other increases in electricity prices, are affordable and capable of sustaining Ontario’s manufacturing sector.

Request for Cost Award Eligibility

7. CME seeks a determination that it is eligible for a Cost Award on the following grounds:
1. CME is a not-for-profit organization funded by membership fees and revenues from the services it renders to Federal and Provincial Governments and Agencies to foster the development of national and international markets for its members.
  2. About 85% of CME's 1,400 Ontario-based member companies are Small to Medium sized business enterprises ("SMEs") with 500 employees or less. The views of these businesses should be considered in this proceeding.
  3. CME's ability to actively participate in this proceeding is dependent upon a determination that it is eligible for a Cost Award. In many prior proceedings, the Board has determined that CME is eligible for a Cost Award.
