Dear Ms. Butany-DeSouza:

**Re: Application for Amendment Licence
Board File Number EB-2012-0047**

The Board has reviewed your application for a service area amendment. Your application is currently incomplete and cannot be processed until the following has been filed:

1. Additional Information Requirements for Contested Applications:
 - Filing Guidelines for contested applications require the applicant to provide evidence that would allow the Board to assess and compare connection proposals of the applicant and the incumbent distributor. Please file Hydro One's offer to connect and provide complete information as required by sections 7.5.3 to 7.5.5 of the Filing Requirements.
 - Section 7.5.6 - Please provide comparable outage statistics for Hydro One for 2011.
 - Section 7.5.7 – Please provide comparable quality and reliability of service statistics for Hydro One for 2011.
2. Schedule 1 of the Horizon licence ED-2006-0031 and the Hydro One licence ED-2003-0043:
 - The Board requires clarity as to how your service area amendment application will affect Schedule 1 of these two licences. Please provide a clear description to appear on Schedule 1 of each licence.

The Board will resume processing your application once the above information has been filed. If the above information is not filed within 30 days of the date of this letter, the Board may close the file for this application.

Upon receipt of the required information the Board will issue an acknowledgement letter indicating the expected date on which a decision and/or order may be rendered.

Please quote file number EB-2012-0047 on the additional material and if possible, an electronic copy in PDF format with the Board Secretary. Electronic copies may be submitted on CD or by email to boardsec@ontarioenergyboard.ca.
