

RECEIVED JUN 26 2012

Now when it may concern,

By this letter I wish to be recorded as an "Observer" of the natural gas pipeline project.

I am the owner of 2.6 acres of land across from the Belrose Key station on the west side of Belrose. Many years ago I was with the gas company & worked helping to build this station.

I have given permission for the use of my driveway to facilitate the construction and will assist further if required.

Respectfully yours,

Robt. C. Morgan
