VIA COURIER and E-MAIL

Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street
27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli,

**Re: Notice of Application and Hearing
Hydro One Networks Inc. Transmission Rates
Board File No. EB-2012-0031**

By way of this letter, Brookfield Energy Marketing LP ("BEMLP") is requesting Intervenor status in the Board's above-noted proceeding.

BEMLP is a limited partnership formed under the laws of Ontario and is an indirect wholly-owned subsidiary of Brookfield Asset Management Inc. ("BAM"). BEMLP is responsible for energy trading and marketing activities for assets owned by BAM and its affiliates in various jurisdictions including Ontario. BAM currently has renewable power assets under management that are valued at \$15 billion in North and South America, including assets located in Ontario. BAM indirectly controls 179 hydro and wind generation facilities with approximately 5,000 megawatts of capacity. Due to BEMLP's energy trading and marketing activities in Ontario and its affiliates' generation assets located in Ontario and neighbouring jurisdictions, BEMLP has a significant interest in this proceeding and the potential impact on the Ontario electricity industry.

Please provide copies of all communications with regard to BEMLP's participation to the following:
