Dear Ms. Walli:

Re: EB-2011-0112 Canadian Niagara Power Inc.

VECC supports the proposed addition of accounting standards to the issue list in this proceeding as suggested by SEC in their letter to the Board of June 21, 2012.

VECC submits that the Issues List as drafted is sufficiently broad and is acceptable. Like other intervenors, VECC takes the position that at the beginning of the process the issues list should be interpreted broadly. It is our experience that as the evidence is examined in detail the scope of the issues narrows naturally during the course of the proceeding.

Yours truly,
