RE: Brant County Power Inc. (BCP) – PILS Disposition Application (EB-2011-0425)

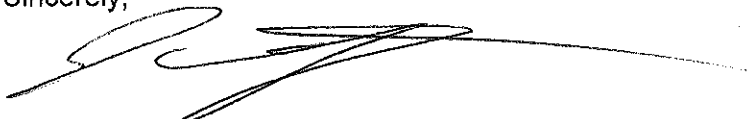

In the original NOA provided on EB-2011-0425, Board Staff and Interveners had until June 28th to file submissions and BCP had a reply submission deadline of July 12, 2012 (providing 2 weeks to review and respond).

Due to technical difficulties, BCP received the Board Staff submissions today and will have only 1 week to review and respond.

Through this letter, BCP is requesting a 1 week delay (until July 19th) for our reply submissions, allowing for the original 2 week timeframe to review and respond as originally contemplated in the NOA.

If you have any questions or concerns, please contact me directly.

Sincerely,

Ian McKenzie
Director of Finance and Regulatory Affairs
