To Whom It Concerns:-

This letter is in response to your notification printed in the Ontario Intelligence June 29, 2012.

The notice was for permission to increase delivery charges to Residential & General Service customers. The file # is EB-2012-0247.

I strongly object! We had a large amount added to our bill previously to cover Ontario Hydro's debt cancellation. As far as I know, we were (not) advised about that.

My husband and I are both on small pensions and certainly don't believe we should be paying for others' indebtedness. It is hard enough to pay our own. Therefore, we desire to have our name on record as objecting to this added charge to customers.

Yours truly, Mrs. Shirley Moore
