Dear Ms. Walli:

Re: Vulnerable Energy Consumers Coalition (VECC)
EB-2011-0242 and EB-2011-0283

I am writing with respect to a correction to the Interim Decision and Order of the Board dated July 12, 2012 with respect to the two above noted proceedings.

At page 21 of the Decision the Board, in reviewing the submissions of the parties, states that "VECC argued that the proposed maximum volume caps should be reduced by 25%".

VECC respectfully submits that it argued that the proposed maximum volume caps should be reduced "to" 25% of the proposed caps, not "by" 25%. Put another way, VECC argued that the total volume cap of 5.5 petajoules proposed by the companies should be reduced to a total volume cap of 1.375 petajoules.

Thank you.

Yours truly,

Michael Buonaguro
