Dear Ms Walli:

**Re: Application of the Canadian Distributed Antenna Systems Coalition
("CANDAS")/Ontario Energy Board ("Board") File No. EB-2011-0120**

We are enclosing three copies of the Compendium of the Consumers Council of Canada ("CCC") for oral submissions on July 23, 2012. Please note that the Compendium has been marked "Confidential" and is being filed on a confidential basis as it contains confidential material which has been filed by the Toronto Hydro-Electric System Limited. Accordingly, we are not sending the Compendium by email to any party.

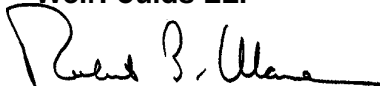

We are delivering a copy of the Compendium and a copy of the CCC's Book of Authorities to Ms Newland and Mr. Rodger this afternoon.

A copy of each document is also enclosed for Kristi Sebalj.

Given the inclusion of the confidential material in the Compendium, we do not propose to distribute it to anyone else.

Yours very truly,

WeirFoulds LLP
