Dear Ms. Walli:

**Re: EB-2012-0033 Enersource Hydro Mississauga Inc. (“Enersource”)
Cost of Service Rate Application (“Application”)**

This letter is filed in response to the Ontario Energy Board (the “Board’s”) Decision and Order on Confidential Filing and Procedural Order No. 4 dated August 14, 2012, regarding Enersource’s responses to three interrogatories as set out below, and other matters.

1. SEC IR #3; Issue General (Investor Presentation): Enersource filed the redacted version on August 1, 2012 as Exhibit KT1.2. Attached is the un-redacted version of the Investor Presentation which is no longer being treated as confidential.
2. SEC IR #5; Issue General (Shareholders’ Agreement): Enersource filed the redacted version on August 1, 2012 as Exhibit KT1.3. Attached is the un-redacted version of the Shareholders’ Agreement, made as of June 1, 2012, which is no longer being treated as confidential.
3. SEC IR #27; Issue 4.1 (Third Party Customer Care Agreement): the Board accepted “that the disputed information is commercially sensitive to the service provider and will afford the information confidential treatment”. This confidential document was filed as a redacted version with the Board on August 1, 2012 as Exhibit KT2.2.

Enersource confirms that on August 14, 2012 it filed eight undertaking responses from the Technical Conference no longer needing confidential treatment: JTC2.14 to JTC2.21.

Regarding undertakings JTC2.13 and JTC2.22, Enersource has reviewed the respective responses, and files here redacted versions of the undertaking responses on the public record.

Enersource also attaches here a redacted version of the in-camera portion of the Technical Conference transcript, dated July 31, 2012, that identifies all portions of the transcript for which confidentiality is claimed.

Sincerely,
