Dear Mr. Detlor:

**Re: Response to Letter from Haudenosaunee Development Institute
Hydro One Networks Inc.
Application for Leave to Construct Transmission Facilities
Board File No. EB-2012-0082**

The Board is in receipt of your letter dated August 20, 2012. Before determining what, if any, additional steps are required in this proceeding, the Board would be assisted by answers to the following questions:

1. What is Haudenosaunee Development Institute's ("HDI") relationship with Haudenosaunee Confederacy Chiefs Council?
2. What issues does HDI intend to raise in the EB-2012-0082 proceeding? As you may be aware, the Board's jurisdiction in an electricity leave to construct proceeding is limited by statute to the consideration of the interests of consumers with respect to prices and the reliability and quality of electricity service, and where applicable and in a manner consistent with the policies of the government of Ontario the promotion of the use of renewable energy sources. The Board is

not empowered to consider any other issues. The Board discussed these limitations in its Notice and in Procedural Order No.1, which are attached for your convenience.

Please respond to this letter by Monday, September 10, 2012. Once the Board has reviewed your response, it will determine what, if any, additional steps will be taken.

Yours truly,
