Board File No. EB-2012-0340**

---

On August 28, 2012, Board staff conducted a Stakeholder Meeting on the issues associated with establishing an incentive rate making regime for Ontario Power Generation's prescribed generation assets. Much of the discussion at the Stakeholder Meeting was based on a report for the Board prepared by Power Advisory LLC, "Incentive Rate Making Options for Ontario Power Generation's Prescribed Generation Assets". This report was posted on the Board's website on May 11, 2012.

Power Advisory LLC, London Economics International LLC, Ontario Power Generation and George Fitzpatrick made presentations to the Stakeholder Meeting. These presentations and recordings of the discussions at the meeting were posted on the Board's website on August 29, 2012.

Board staff is soliciting written submissions commenting on the issues and options presented in, and content of, the Power Advisory LLC report and the presentations and discussion at the Stakeholder Meeting.
