

August 28, 2012

To Ontario Energy Board,

The Guelph Mercury dated August 23, 2012 had a notice of Application & Hearing for an Electricity Distribution Rate Change.

I object an increase for the abovementioned on grounds that trying to pay every two months on a widow's pension and limited income [is] a problem.

I am very careful and do not waste any unnecessary hydro, example lights, laundry, etc.

Thank you,

Madeline M. Bolton
