Dear Ms. Walli:

Re: **Oakville Hydro Electricity Distribution Inc.
Application for 2012 Smart Meter Cost Recovery effective
May1, 2012, OEB File No. EB-2012-0193**

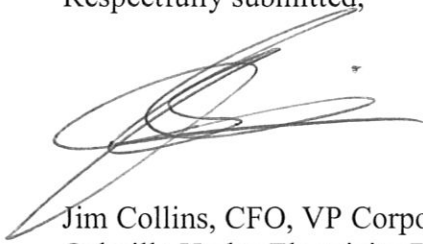

Oakville Hydro Electricity Distribution Inc. ("Oakville Hydro") filed a stand-alone application with the Ontario Energy Board (the "Board") on April 3, 2012 seeking approval for the final disposition and recovery of costs related to smart meter deployment, EB-2012-0193.

In its Decision and Order in this proceeding, the Board directed Oakville Hydro to file a draft Rate Order and a proposed Tariff of Rates and Charges reflecting the Board's findings. Oakville Hydro filed its Draft Rate Order and proposed Tariff of Rates and Charges on August 29, 2012.

On August 29, 2012 Board staff filed their comments on Oakville Hydro's draft Rate Order. In their comments, Board staff advised that they had reviewed Oakville Hydro's draft Rate Order material, including the worksheets and draft Tariff of Rates and Charges, and that they had no concerns with the material. Board staff submitted that the material accurately reflected the Board's Decision. The Vulnerable Energy Consumers Coalition did not submit any comments.

Oakville Hydro hereby submits that its draft Rate Order and proposed Tariff of Rates and Charges accurately reflects the Board's findings in its Decision and Order in this proceeding and requests that the Board approve its proposed Smart Meter Disposition Riders ("SMDRs") and Smart Meter Incremental Revenue Requirement Rate Riders ("SMIRRs").

Respectfully submitted,
