**Re: Application by the Canadian Distributed Antenna Systems Coalition
Expert Pre-Hearing Conference - Joint Written Statement
Board File Number EB-2011-0120**

The Board received the Joint Written Statement of Patricia Kravtin, Johanne Lemay, Michael Starkey and Adonis Yatchew on July 20, 2012, which was completed pursuant to a process ordered by Procedural Order No. 11 in the subject proceeding. This was the first time the Board has required the experts of different parties to confer for the purposes of narrowing issues, identifying points on which their views differ and are in agreement, and preparing a joint written statement to be admissible as evidence.

The Board wishes to express its appreciation to each of the experts for their efforts which culminated in the production and filing of the Joint Written Statement. The Statement evidences a significant amount of work and a high level of dedication to producing a report that would assist the Board to distill a complex set of issues and to understand where expert opinions differed and were in agreement. The Board thanks the experts for their work and commitment.

Yours truly,
