IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O.1998, c.15, Schedule B;

AND IN THE MATTER OF an application by Solar Sunbelt General Partnership for an amendment to its electricity generation licence EG-2012-0259.

By delegation, before: Adrian Pye

DECISION AND ORDER

September 27, 2012

On August 1, 2012, Solar Sunbelt General Partnership filed an application with the Ontario Energy Board pursuant to section 74 of the *Ontario Energy Board Act, 1998*, for an order of the Board to amend Schedule 1 of its generation licence EG-2012-0259.

The applicant requested that the Board add two solar generation facilities to the list of licenced generation facilities contained in Schedule 1 of the licence. Solar Sunbelt General Partnership's generation licence is limited to facilities contracted under the OPA's Feed-in Tariff Program. The two facilities which are the subject of this application are also contracted under the OPA's Feed-in Tariff program. The facilities are expected to be in service by the end of 2012.

I have proceeded to decide the application without a hearing pursuant to section 21(4)(b) of the Act since no other parties are adversely affected in a material way by the outcome of the proceeding, and the applicant has consented to disposing of the application without a hearing.

I find that it is in the public interest to grant the requested amendment to Solar Sunbelt General Partnership's electricity generation licence.

IT IS THEREFORE ORDERED THAT:

Solar Sunbelt General Partnership's electricity generation licence (EG-2012-0259) is amended to include two additional solar generation facilities. The amended licence is attached to this Order.

DATED at Toronto, September 27, 2012
