Dear Mr. Vegh:

**Re: Declaration and Undertakings
East-West Tie Designation Proceeding (EB-2011-0140)**

This is in response to your letter of September 25, 2012 requesting acceptance by the Board of declarations and undertakings for five individuals who are non-counsel, non-consultant employees of an affiliate of TransCanada Power Transmission.

In its July 11, 2012 letter to Great Lakes Power Transmission LP and Hydro One Networks Inc., the Board directed that parties seeking disclosure of confidential information to such individuals must set out the scope of the request (i.e. the specific portion(s) of the confidential information for which access is being requested) and the reasons why access cannot be restricted to external counsel of record or a consultant of the party.

To fully consider your request, the Board requires the following information:

- the specific portion(s) of the confidential information for which access is being requested and the reasons for it;
- the reasons why the confidential information must be disclosed to five employees of the affiliate company in order to provide you with instructions;
and
- addresses of the individuals for whom access to the confidential information is sought.

Please provide the above information by **Wednesday October 10, 2012**.

Yours truly,
