Dear Ms. Walli:

EB-2012-0343 – Hydro One Networks Inc. Request for Extension to the Exemptions from Sections 6.2.6 & 6.2.7 of the Distribution System Code – Hydro One Submission

With respect to Hydro One's request for interim relief of its obligations under sections 6.2.6 and 6.2.7 of the Distribution System Code, there was one submission -- by the Power Workers' Union. The submission supported Hydro One's rationale and request for the immediate, interim stay. As such, Hydro One will not provide a response to the submission.

Hydro One would, however, like to re-iterate its view that an interim exemption is required to allow the Company to maintain a state of compliance until such time as the Board renders a decision in this matter.

Sincerely,
