Dear Ms. Austin:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")
Torbram Road Relocation Project
Conditions of Approval
Board File No. EB-2010-0241**

By way of letter dated September 12, 2012, Enbridge requested an extension to filing post-construction monitoring reports for the above noted approved pipeline project. The timeline to file these reports is set in sections 3.1 and 3.3 of Board's Conditions of Approval. According to the sections 3.1 and 3.3 of the Conditions of Approval, the Interim Report would be due on March 6, 2013, and the Final Report would be due on December 6, 2013. Enbridge explained that it would be difficult to conduct a proper assessment during winter months and requested an approval to file the Interim Monitoring Report on or before May 1, 2013, and the Final Monitoring Report on or before May 1, 2014.

The Board found that the request for the extension is reasonable and grants the extension as requested by Enbridge.

Yours truly,
