Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
PO Box 2319  
2300 Yonge Street, 27th Floor  
Toronto ON M4P 1E4

Dear Ms. Walli,

**Re: Hydro One Brampton Networks Inc. 2013 Distribution Rates – EB-2012-0135**

Enclosed are Hydro One Brampton Networks Inc. ("HOBNI") responses to interrogatories of the Board Staff and the Vulnerable Energy Consumers Coalition (VECC) in the above captioned proceeding.

Since HOBNI filed its Rate application on August 3, 2012, HOBNI has given further consideration to its request for recovery of additional revenue associated with required incremental in-service capital additions. HOBNI withdraws its request for additional revenue for "Typical" capital of \$2.06 million as these expenditures were not examined as part of the 2011 cost of service review. Also, HOBNI withdraws its request for additional revenue for incremental "Escalated Issue" capital of \$2.47 million as it has been determined that some of the requested capital will be recovered through future increased load. HOBNI respectfully withdraws its request for an ICM Rate Rider.

HOBNI has updated its application accordingly and is submitting amendments to its original application before the end of October 12. Also, since HOBNI has withdrawn its request for the ICM, it has not answered any interrogatories pertaining to the ICM as they no longer apply.

As outlined in the filing instruction guidelines, HOBNI has included two paper copies and one CD with all electronic files. HOBNI has also filed through the OEB's RESS portal.

Please contact myself should anything further be required.

Sincerely,

**SCHEDULE 1.0**  
**BOARD STAFF INTERROGATORY**  
**RESPONSES**

**HOBNI's Responses to Board Staff Interrogatories**

**RTSR Workform**

**1. Ref: 2013 IRM3 RTSR Work form, page 4**

a) Please confirm that the amounts entered into the columns "Non-Loss Adjusted Metered kWh" and "Non-Loss Adjusted Metered kW" have not been adjusted by HOBNI's Board-approved loss factor.

**Response:**

**HOBNI confirms that the amounts entered in the "Non-Loss Adjusted Metered kWh" and "Non-Loss Adjusted Metered kW" columns have not been adjusted by HOBNI's Board approved loss factor.**

**LRAM**

**2. Ref: Manager's Summary, Tab 2, Schedule 6.0, LRAM**

**Ref: Board Decision and Order, EB-2011-0174, Page 13, LRAM**

HOBNI has requested approval of a total LRAM amount of \$374,629 for the persisting lost revenues from 2010 CDM programs in 2011 and 2012. In the Board's Decision and Order on HOBNI's 2012 IRM application, it noted with respect to HOBNI's LRAM request that "HOBNI's application for LRAM for 2011 to be inconsistent with the (CDM) Guidelines, and agrees that the 2011 forecast is final in all respects and that these savings should have been incorporated into HONBI's 2011 forecast at the time of rebasing." The Board subsequently approved an LRAM of \$428,857 as proposed by Board staff.

1 a) Please reconcile HONBI's request for approval of an LRAM for persisting 2010 lost  
2 revenues in 2011 and 2012 of \$374,629 with the Board's decision on HOBNI's LRAM  
3 request in its 2012 IRM application.

4  
5 **Response:**

6 **In HOBNI's 2011 cost of service application the only adjustment allowed by the**  
7 **Board to its load forecast was an adjustment of 10% of HOBNI's CDM target of**  
8 **189.54 GWh for the period of 2011-2014 for a total adjustment of 19 GWh. The**  
9 **Board did not approve an additional amount pertaining to the load reductions in**  
10 **2011 for 2010 CDM programs as HOBNI did not have final OPA program results**  
11 **for 2010 as the 2011 cost of service rate application was filed on June 30, 2010**  
12 **and this information would not be made available until 2011.**

13  
14 **In HOBNI's evidence for this IRM application at Tab 2 Schedule 6.0 Page 2 of 5 at**  
15 **row 19 HOBNI states:**

16  
17 **"The Board updated the CDM Guidelines on April 26, 2012 and the Filing**  
18 **Requirements on June 28, 2012 for LRAM claims for pre-2011 CDM activities...**  
19 **However, now the new requirements allow for the recovery of lost revenue**  
20 **pertaining to persisting historical CDM impacts realized after 2010 for those**  
21 **distributors whose load forecast has not been updated with respect to its 2010**  
22 **CDM activities as part of a cost of service application."**

23  
24 **The Board's decision on HOBNI's LRAM request in its 2012 IRM application was**  
25 **on December 22, 2011; however, the Board subsequently updated its guidelines**  
26 **and Filing Requirements for Electricity Transmission and Distribution**  
27 **Applications months after it made its decision on HOBNI's 2012 IRM application.**  
28 **The changes made by the Board in its guidelines and filing requirements relating**  
29 **to the eligibility for LRAM recovery allow distributors to make a claim for the**

1 recovery of LRAM for persisting lost revenues for 2010 CDM programs in  
2 subsequent years. HOBNI's 2013 IRM application for recovery of lost revenues for  
3 2010 CDM programs in 2011 and 2012 is consistent with the current CDM  
4 guidelines.

5  
6 In HOBNI's 2012 IRM rate application the Board approved an LRAM claim of  
7 \$428,857 for 2009 and 2010 CDM program years to the end of 2010. HOBNI has  
8 not recovered LRAM for 2010 CDM programs for 2011 or 2012 in any other Board  
9 Decision previously. HOBNI has diligently pursued its Conservation and Demand  
10 Management programs since the commencement of load reduction initiatives;  
11 moreover, the Lost Revenue Adjustment Mechanism was established to keep  
12 distributors financially whole as the result of customer load reductions caused by  
13 the CDM programs they administer. HOBNI requests that the OEB approve this  
14 application so that it may recover the lost revenues it has sustained such that it is  
15 not penalized by running CDM programs.

**VECC INTERROGATORY RESPONSES**

**Responses to Information Requests of the Vulnerable Energy Consumers Coalition  
(VECC)**

Lost Revenue Adjustment Mechanism

**VECC Question # 1**

**References:** Tab 2, Schedule 6.0, Page 2

Preamble: HOBNI states “Regarding this claim for persisting lost revenues from pre-2011 CDM programs, HOBNI submits that its load forecast for its 2011 cost of service application has not been updated with respect to its 2010 CDM programs, for which persistent lost revenue is sought. HOBNI makes this LRAM claim pursuant with the updated CDM Guidelines and Filing Requirements.”

a) Please explain this statement in the context of HOBNI's approved load forecast and the Board's LRAM decision in HOBNI's 2012 IRM application EB-2011-0174.

**Response:**

**In the Board's Decision dated April 4, 2011 regarding HOBNI's 2011 Cost of Service rate application (EB-2010-0132) HOBNI requested the inclusion of a CDM adjustment of 64 GWh. This adjustment was for CDM savings from OPA-contracted and Board Approved CDM programs, which included other CDM impacts resulting from various codes and standards as well as federal and provincial government programs.**

**In the Board's Decision to HOBNI's 2011 cost of service rate application on page 5 under the “CDM adjustment heading” a reference was made regarding the Board specified cumulative target for HOBNI. Energy Probe stated:**

***“In the Board's recent Decision on LDC CDM targets (EB-2010-0215/EB-2010-0216) dated November 12, 2010, the Board specified that the 2011-2014 CDM cumulative target for HOBNI is 189.54 GWh. Energy Probe submitted that the appropriate***

1        *CDM target to be included in the load forecast for 2011 is 19 GWh, representing*  
2        *10% of its cumulative target.”*

3        **The Board Findings were:**

4        *“that the appropriate CDM adjustment to be included in the load forecast for 2011*  
5        *is 19 GWh, which represents 10% of its cumulative CDM target for the period of*  
6        *2011- 2014.”*

7        **The Board approved an adjustment of only 19 GWh to HOBNI's 2011 load forecast**  
8        **representing 10% of HOBNI's CDM target of 189.54 GWh for the period of 2011-2014.**  
9        **Although HOBNI requested load forecast reductions spanning more than just the 10% of**  
10       **its 2011-2014 CDM targets, the Board denied HOBNI any further opportunity for forecast**  
11       **reductions in 2011 associated with the 2010 CDM programs it ran.**

12       **HOBNI filed for recovery of LRAM in its 2012 IRM application (EB-2011-0174). The**  
13       **Board's Decision and Order dated December 22, 2011 (pages 11 to 13), pertaining to**  
14       **HOBNI's LRAM claim, was based on the CDM Guidelines, dated March 28, 2008 (EB-2008-**  
15       **0037). The Board found that HOBNI's application for LRAM for 2011 was inconsistent**  
16       **with the guidelines that were in affect at that time.**

17       **As part of HOBNI's 2012 IRM rate application HOBNI completed its claims for pre-2011**  
18       **CDM activities outside of persisting historical CDM impacts. Also, it has been**  
19       **acknowledged in the Board's Decision and Order that HOBNI's 2011 load forecast was**  
20       **not updated for 2010 CDM Programs.**

21       **Now that HOBNI's claim is consistent with the current relevant CDM guidelines, it makes**  
22       **this claim for the recovery of lost revenue for these persisting historical CDM impacts.**  
23       **HOBNI has complied with all the filing requirements to recover the lost revenue it is**  
24       **seeking recovery for in this application. HOBNI is requesting the recovery of lost revenue**  
25       **it is entitled to, to compensate HOBNI for its losses due to running the 2010 CDM**  
26       **programs.**

27

28

**VECC Question # 2**

**References:** Tab 2, Schedule 6.0, Page 4

Preamble: HOBNI indicates that it used the most recent input assumptions available at the time of the program evaluation when calculating its LRAM amount, which were obtained from the final measure-level evaluation report from the OPA for 2010 OPA programs. The IndEco report at Tab 7 indicates the lost revenue estimates for the persistent savings from 2010 programs is based on final OPA approved program evaluations provided on the measure level, as provided by OPA 2011a: Ontario Power Authority 2006-2010 Final OPA CDM results, Hydro One Brampton Networks Inc. dated 23 November 2011.

a) Please confirm these results are the most recent and appropriate final evaluation report from the OPA.

**Response:**

**HOBNI confirms that 'Ontario Power Authority 2006-2010 Final OPA CDM Results Hydro One Brampton Networks Inc.' provided by the OPA to HOBNI on 23 November 2011 is the most recent and appropriate final evaluation report from the OPA.**

b) Please provide a copy of the most recent OPA CDM results report for HOBNI.

**Response:**

**A copy of the most recent OPA CDM results report for HOBNI is attached.**

| 25 | Electricity Retrofit Incentive                       | Consumer, Business                      | 2008         | Final          | LDC's respective proportion of province-wide reported gross demand savings.         | While this initiative underwent a thorough evaluation process at the provincial level, individual prescriptive input assumptions were not verified for all measures nor were reported savings from every individual LDC verified. A representative sample of retrofit projects were measured and verified and a province-wide savings total was derived. The province wide verified energy and demand savings were allocated to individual LDCs based on their respective proportion of province-wide reported gross demand savings. |
