Re: Review of Cost Allocation Policy for Unmetered Loads

Board File No. EB-2012-0383

Dear Kirsten,

In regards to the File No. EB-2012-0383 attached is my statement of qualifications for the nominee of Unmetered Loads Working Group (ULWG). I am working for the City of Brampton since August, 2009 as a Project Coordinator in Energy Management Group. My core responsibility in the City is to manage energy procurement both Natural Gas and Hydro. Currently, I am managing \$13M/year including \$4M/year for unmetered street light across the City. I have a license of Professional Engineer Ontario (PEO) with more than fourteen years of experience in utilities management and energy procurement for the commercial facilities. Expertise includes street lighting and other unmetered loads, utility cost allocation principles, utility terminology and language applies to unmetered loads, street lights, and walkway and or pathway lights.

I am coordinating and assisting licensed energy consultant, local distribution companies (LDC), Ontario Power Authority (OPA), Association of Municipalities Ontario (AMO) and Local Authority Services (LAS). I am committed to provide expert advice to the Street Lighting and Unmetered Scattered Loads accounts across the City of Brampton.

If you'd like more information, please feel free to contact me. Below is my contact information. I look forward to hearing from you. Thanks for your time and consideration.

Sincerely,

Kashif Jahangir. M.Eng, P.Eng
