**Attention: Ms. Kirsten Walli, Board Secretary**

Dear Ms. Walli:

**Re: EB-2012-0383 Cost Allocation UL Working Group**

Further to the Board's October 1, 2012 letter, Waterloo North Hydro Inc. (WNH) is expressing its interest in participating in the Board's Cost Allocation Unmetered Loads (UL) Working Group.

WNH believes that participating in assisting Board Staff in the review of Cost Allocation Policy for Unmetered Loads is an essential piece of the regulatory framework and submits that it has the experience and ability to assist in this matter. WNH would be represented by Chris Amos, a Chartered Accountant, who has participated in three (3) Cost Allocation Working Groups in 2003, 2005-2006 and 2011. In addition, Mrs. Amos has been a tester/providing input for the Cost Allocation Models and the Load Data Inputs. Mrs. Amos' technical expertise in this area, including the historical perspective, cost allocation principles and terminology, use of connection topographies in WNH's 2011 Cost of Service Filing, demand and consumption forecasting, weighting factors and the Cost Allocation Model, should assist the Working Group well. Mrs. Amos also participated in the recent RRR Review Working Group, the IFRS IRM Working Group and assists Board Staff in testing Rate Models. WNH submits the combination of this financial and regulatory experience would provide relevant and beneficial input to the UL Working Group.

If there are any questions, please do not hesitate to contact Chris Amos at 519-888-5541 or [camos@wnhydro.com](mailto:camos@wnhydro.com) or myself at 519-888-5542 or [asingh@wnhydro.com](mailto:asingh@wnhydro.com).

Yours truly,

Albert P. Singh, MBA, CGA
