**Re: Natural Gas Resources
Application for Franchise Agreement with the Town of Aylmer
Board File No. EB-2012-0072**

On October 18, 2012, the Board granted an extension to the filing of submissions in the above noted case in response to a letter dated October 18, 2012 from the Town of Aylmer. The Town's letter also requested that the Board consider a delay to address the Integrated Grain Processors Co-operative's (IGPC) application regarding service from NRG, EB-2012-0406 and the Board's own motion to reconsider certain aspects of NRG's rate application, EB-2010-0018. IGPC in its letter of October 18, 2012, supported the Town's request. NRG in a letter dated October 25, 2012 indicated that they did not support the Town's request for an extension or a delay related to the other proceedings before the Board.

The Board has considered the correspondence from the parties and will maintain the established scope of the proceeding or will make no further adjustment to the schedule for submissions. The Board reminds parties that intervenor submissions are due today and NRG's reply submission is due November 9, 2012.

Yours truly,
