Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: Notice of Application for Intervention
EB-2012-0365 Dufferin Wind Power Inc.**

We are solicitors for 3191574 Nova Scotia Company doing business as The Highland Companies ("Highland"). We are writing to seek intervenor status in the above-noted matter.

In addition to the interests noted in the Applicant's materials, Highland owns and actively farms approximately 3,400 hectares (8,500 acres) of lands in the County of Dufferin. A significant portion of the lands owned and farmed by Highland are in close proximity to the proposed electricity transmission facilities and are potentially impacted by this application.

Highland reserves the right to participate fully in this proceeding including by bringing written or oral evidence as the case may be, and participating in any technical, pre-hearing or hearing conferences and/or hearings as necessary.

As a landowner, Highland may seek costs for its participation in this proceeding.

We would request that all communications in respect of this proceeding, including any evidence filed by the Applicant, be copied to:
